COUNTY MAN GRAVELY INJURED. Glen H. Skinner, 31, of near Prospect, driver of this car, was seriously injured at 3:30 a.m. today when the vehicle struck a culvert south of Marion on Rt. 4. He was listed in "poor" condition at Marion General Hospital this morning where he underwent extensive surgery. Also injured and hospitalized was Earl L. Stevens, 22, of Prospect.

Man Is Badly Hurt as Car Leaves Road

Glen H. Skinner, 31, In 'Poor' Condition After Crash on Rt. 4

Emergency surgery was performed at Marion General Hospital early this morning in an effort to save the life of a Prospect area man who was critically injured in an accident at 3:30 a.m. on Rt. 4 three miles south of Marion.

Hospital authorities reported that Glen H. Skinner, 31, the gravely injured victim, was in "poor" condition late this morning. Investigating patrolmen of the Marion post said earlier he suffered a skull fracture, compound fractures of both legs and severe lacerations of the entire body.

Also injured in the one-car mishap was Earl L. Stevens, 22, of Prospect, who suffered fractures of both legs, wrist and nose, as well as severe lacerations of the body, patrolmen said. His condition was listed as "fair" at the hospital this morning.

Patrolmen said the accident occurred when the southbound auto

Premier Gets Broad Powers

De Gaulle Tackles Algerian Problem

PARIS (AP)—Premier Charles de Gaulle, armed with all the broad powers he demanded of Parliament, turned his attention today to Algeria and the army running it in his name.

De Gaulle summoned Gen. Raoul Salan, the French troop commander, from Algiers for consultation. Salan has been ruling Algeria openly in the name of the rebellious French there. An escort waiting at the airport whisked him off to see De Gaulle.

Calls in Lacoste

After thus asserting his authority over the army, De Gaulle called in Robert Lacoste, resident minister in Algeria who has a big following among the rebellious French colonists there. De Gaulle will go to Algeria Wednesday.

The Senate vote completed action within 48 hours on the three-part emergency program demanded by De Gaulle as his price for taking the helm of France in its hour of crisis.

Votes To Adjourn

Shortly thereafter, the National Assembly by unanimous consent voted to adjourn until Oct. 7 to allow De Gaulle to rule unimpeded by Parliament. Not even the Communist deputies, bitter foes of the general, objected.

De Gaulle's special powers extend by law for six months. That would overlap the return of the Assembly, but it could go to work on the next year's budget. De Gaulle had insisted they take a six-month vacation while he tackled France's problems.

The country itself slowly returned to something resembling normal after a month of crisis, rioting, tension and fear. The troops were wearing their soft caps instead of riot helmets. Riot guns were stowed away.

De Gaulle's special powers extend by law six months from the date they are published in the official journal probably tomorrow. That would overlap the return of the Assembly but it could be discussing the next year's budget.

Appears for Session

Although a 23-3 Senate committee vote foreshadowed the upper house's approval of the constitutional proposal, De Gaulle appeared for the Senate session. He brought along Vice Premier Guy Mollet and Pierre Pflimlin to crack the whip over their Socialist and Catholic Republican followers if necessary.

No pressure was necessary, however. De Gaulle spoke briefly and affably in support of his demand and smiled often and warmly at the packed galleries. There was strong applause when he finished, except from the 11 Communist senators.

The Senate debate was brief, and confined chiefly to Communist objections.

Immediately after the Senate action De Gaulle was driven in his black Citroen sedan for the

U.N. Delegates See De Gaulle, Tunisian Pact

UNITED NATIONS, N. Y. (AP) — U. N. delegates generally seemed hopeful today that French Premier De Gaulle and Tunisian President Habib Bourguiba might clear up the French-Tunisian dispute now before the Security Council. Only the Tunisians showed skepticism.

De Gaulle, installed in office Sunday, messaged Bourguiba that he had the intention "of settling with you, if you are in agreement, the present difficulties between our two countries." But an interviewer for the Rome daily Il Tempo quoted Bourguiba Monday night as having said, "De Gaulle or no De Gaulle, French troops must leave Tunisia."

The Security Council Monday held an all-day debate on Tunisian and French complaints in which each country blamed the other for recent military action on Tunisian soil. Resumption of the debate was postponed until Wednesday to await developments.

Addressing the Council Monday, Tunisian Delegate Mongi Slim asked that it take "all appropriate measures" to assist in the evacuation of the 22,000 French troops still in Tunisia.

French Delegate Guillame Georges-Picot said the French troops were in Tunisia by treaty.

California Holds Spotlight

Primary Voting Being Held in 4 States Today

By The Associated Press

Four states held primary elections today. The biggest spotlight was beamed on California, where Sen. William F. Knowland faced an important popularity test.

Leaders of both major parties were watching California's Republican and Democratic primaries for governor for signs of trends that might have a bearing on the 1960 presidential race.

Knowland, who is giving up his role of Senate Republican leader to seek the governorship, admittedly faced a tough battle for ballots with Atty. Gen. Edmund G. (Pat) Brown, his Democratic opponent.

On Both Party Ballots

Under California's unique cross-filing system, both were listed under Republican and Democratic labels. But it was unlikely that either would score a grand-slam victory.

Other primary races were being held in Montana, South Dakota and Alabama. Three candidates for governor were being chosen along with 2 for the Senate and 34 for House seats. The Alabama primary was of the run-off variety and involved the 2 top vote getters from a field of 14 that were in the original gubernatorial primary May 6.

Dr. William G. Murray, 54-year-old college economics professor, won the Republican nomination for governor in Iowa's primary Monday. He defeated Lt. Gov. William Nicholas, who was seeking the nomination for the third time. Murray will oppose Democratic Gov. Herschel Loveless in November. Loveless had no opposition for renomination.

Big California Question

California was being eyed because of one big question: Is there a strong trend toward the Democrats in the state?

California also had primaries for the Senate. Retiring Gov. Goodwin J. Knight was favored to defeat Mayor George Christopher of San Francisco in the GOP primary. Rep. Clair Engle had no opposition on the Democratic side.

Knight, who originally planned to run for governor again, withdrew when Knowland entered the race. But the move shattered party harmony and there were predictions that some Republicans would deny their votes to Knowland in protest.

Montana expected the quietest campaign in years with Sen. Mike Mansfield and Reps. Lee Metcalf and Leroy H. Anderson, all Democrats, favored to win renomination.

New Block for Suburban Development

Mayor To Veto Sewer Bill; Move To Override Likely

Councilmen Planning To Call Meeting

Lister Confident That Legislation, Approved 8-0, Will Pass Again

Mayor Wendell L. Strong plans to veto legislation pertaining to the proposed trunk sanitary sewer improvements in the southeast suburban area, Safety-Service Director Howard W. Travis said today.

The mayor was unavailable today for comment on his veto plans but the announcement brought forth a promise of a special council meeting to override the veto "at the earliest possible time."

Adopted Unanimously

Legislation which the mayor plans to veto was adopted 8-0 by City Council at its May 26 meeting. It is as follows:

An ordinance authorizing the safety-service director to enter into a contract with the Marion County Commissioners for the collection and treatment of sewage and the maintenance and operation of sewers in County Sewer District 1.

A resolution declaring it necessary to proceed with the construction of a trunk sewer extension 1,100 feet south to the city limits on Forest Lawn Dr.

An ordinance authorizing the safety-service director to advertise for bids and sign contracts for construction of the Forest Lawn Dr. sewer.

An ordinance establishing a tapping fee in lieu of assessments for abutting properties along the Forest Lawn Dr. sewer extension.

Has 10 Days To Act

The mayor has 10 days after adoption of the legislation by council to veto it, sign it into law or allow it to become law without his signature.

Councilman-at-large Richard Lister (R), chairman of the sewer committee, said today that if and when the mayor does send a veto message to council, his commit-

Mercury Drops to 40 As Cold Front Moves In

Cool weather moved into Marion County Monday, bringing coats into use, sending furnaces to whirring again and, in general, making everyone conscious of anything but the fact that it was June 2.

The mercury hit a high of only 67, then tumbled to an overnight low of 40. The sun rose bright in a clear sky this morning but the cool breeze prevailed and the temperature by noon was only 67.

A day's high of 68 is anticipated, with tonight's low of perhaps 52 to be followed by a high Wednesday of approximately 73. The weatherman calls for fair and cool conditions tonight, with warmer circumstances Wednesday.

Dog Wins Long Fight

Appeals Court Ruling Gives 'Annie' Freedom

KENTON — "Annie," the St. Bernard dog who gained international prominence through the legal battle waged to save her life, has gained her freedom.

In a unanimous decision received today by the Hardin County Clerk of Courts office, the Third District Court of Appeals in Lima ruled that the seizure of the dog on Feb. 24, 1957, was illegal.

The appeals judges granted a permanent injunction against the Hardin County Dog warden from further impounding the dog or from depriving her mistress, Mrs. Joanna Perkins, from possession of the dog.

The judges ruled that seizure of Annie by former Deputy Dog Warden James Hattery was illegal, maintaining that the seizure of a licensed dog on its own property is contrary to the law.

The dog was taken into possession as an alleged sheep killer after a farmer, Emerson Fay, said he saw Annie and another dog molesting his sheep early in the morning of Feb. 24, 1957.

Mrs. Perkins, whose soldier son, Pfc. James Perkins, owns the dog, immediately hired an attorney and obtained a temporary injunction to prevent Mr. Hattery from killing the dog as was his announced intention.

In a hearing in May, 1957, Common Pleas Court Judge Arthur Tudor dissolved the injunction, but the case was appealed. A Lima newspaper furnished the money to pay for the court costs.

The dog has been kept at the Pleasant Kennels here since the

City Studying Bids on Five Road Projects

Include Proposals To Improve Streets Around High School

Bids are being tabulated by the city engineer's office today for five street improvement projects including Seminole and Mandana avenues in the area of Harding High School.

All bids were opened Monday noon for these projects: Seminole and Mandana avenues, repaving, widening and construction of curbs and gutters; Underwood Ave., construction of curbs and gutters; Reed Ave., widening and construction of curbs and gutters, and Uhler Rd., resurfacing, grading and construction of curbs and gutters.

Plumley Contractors of 840 Cheney Ave. submitted an apparent low bid of $26,893 on the Mandana Ave. project. The engineer's estimate was $26,763. Other bidders were the Wyandot Blacktop Co., $27,232, and G. M. Scott, Inc., of Shelby, $28,834.

Plumley also submitted an apparent low bid on the Seminole Ave. project. The bid was $23,941 against an engineer's estimate of $23,648. Other bidders were the Wyandot Blacktop Co., $24,443, and the Scott firm, $24,641.

On the Uhler Rd. project, Thomas J. Hug of Norwalk submitted an apparent low bid of $10,183 The engineer's estimate was $11,150. Other bidders were Wyandot Blacktop, $11,566, and Plumley, $11,108.

Macmillan Talks Near

Ike, Council Meet, Study U.S. Policy

WASHINGTON (AP) — President Eisenhower met with the National Security Council for an hour and a half today—possibly for policy discussions in advance of next week's visit here by British Prime Minister Harold Macmillan.

As usual, presidential Press Secretary James C. Hagerty told newsmen there was nothing he could say about the purpose of the meeting or what was discussed.

The French political crisis and possible suspension of U.S. and British nuclear tests are prime topics for the Eisenhower-Macmillan talks, which start next Monday.

No Reason Given

The Security Council, the nation's top policy body, normally meets Thursdays. The White House gave no reason for changing the time of its meeting, but there was speculation that its work would be directed toward the Macmillan meeting.

Eisenhower reportedly is being urged by some of his advisers to make at least a tentative decision, before Macmillan's arrival, favoring a two-year suspension of U.S. nuclear tests to be effective after the present series in the Pacific is ended.

Both Secretary of State Dulles and Dr. James R. Killian Jr., Eisenhower's scientific adviser, have recommended such a course. On the other hand, Chairman Lewis Strauss of the Atomic Energy Commission has argued for continued testing unless there is broad agreement with the Soviet Union on a disarmament program.

Okays New Letter

Eisenhower approved in an hour long conference with Dulles a new letter to Soviet Premier Khrushchev. In it he agreed to inclusion of Polish and Czech scientists in proposed scientific talks on ways of supervising any East-West agreement to halt tests. There is no such agreement yet.

The letter probably will be dispatched late this week after clearance with Britain and France and other NATO Allies.

Dulles gave the tipoff on the President's answer by saying, "We have no objection to the Soviet Union including on its side experts of other nationalities provided the people are qualified, as I assume they will be. The task is technical, not political."

Woman Sentenced

AKRON, Ohio (AP)—A panel of three Common Pleas judges Monday sentenced Bonnie Lee Hill, 42, of Akron, to 1-20 years in Marysville Reformatory for women after convicting her of first-degree manslaughter.

Senators See Russian Move To Gain Trade

WASHINGTON (AP) — Two Senate foreign relations committeemen said today the latest Soviet talk of relaxing tensions may be only the opening gambit for an East-West trade war.

Senators Hubert Humphrey (D-Minn) and H. Alexander Smith (R-NJ) commented in separate interviews on Soviet Ambassador Mikhail Menshikov's newest proposal for peaceful coexistence without interference in other countries' internal affairs.

Airliner Hits Mountain, 45 Die in Mexico

Several Americans Among Passengers Aboard Constellation

MEXICO CITY (AP) — A Mexican airliner with 45 persons aboard crashed against a mountain peak near Guadalajara Monday night. The wreckage, found today, showed no signs of life.

The plane was a Constellation of the Aeronaves de Mexico. It was on a flight from Tijuana, at the California border, to Mexico City.

Some of the 22 passengers who boarded at Tijuana were Americans.

The four-engine craft made a stop at Guadalajara and took off for Mexico City at 10:01 p.m. It crashed against San Agustine Peak, 10 miles from Guadalajara. The last radio contact was with Guadalajara airport at 10:15 p.m.

The Guadalajara airport is at 6,000 feet altitude and the peak 7,500.

The wreckage was sighted by search planes carrying officials of the Mexican airline.

It was raining at the time of the crash. Some residents of Guadalajara said they heard an explosion at about the time of the crash.

Inland Firing Succeeds

Redstone Proved Ready For Use During Combat

WHITE SANDS RANGE, N.M. (AP)—Army troops Monday night successfully tested the combat readiness of the Redstone missile, an Army announcement said.

Troops of the 40th Field Artillery Missile Group launched the intermediate range missile under tactical conditions on the desert sands at the nation's largest over-land rocket and missile testing center.

The Army said the firing marked the first time a Redstone missile was launched inland. Officials would not say how far the missile went or where it went.

The Redstone was the basic missile used in launching the Explorer earth satellite. It has a range of 200 to 250 miles and previously had been launched from Cape Canaveral, Fla.

The Cape Canaveral launching also was handled by troops of the 40th Group — which as little as 18 months ago had on its rolls the last mule pack company in the U.S. Army.

The Redstone was programmed at less than its full range in Monday night's firing, the Army said.

In the firing light-weight erection equipment was substituted for the giant crane or service tower used at Cape Canaveral.

Member of 10 Most Wanted By FBI Seized

LOS ANGELES, (AP)—One of the FBI's 10-most - wanted fugitives fell off the list despite such precautions as two loaded automatics, a false mustache and a cleverly faked identification card.

Quay Cleon Kilburn, 34, was arrested Monday at his Los Angeles apartment by agents acting on a tip from a man who saw his picture in a post office.

Kilburn, a convicted bank robber and embezzler, had been hunted since he fled from Utah State Prison by using his "press card" as editor of the prison paper. He got out by saying he was going to interview prisoners on an honor farm.

Recently he picked up a hitchhiker who later saw his picture as a wanted man.

The rider, was able to tell FBI men the general area where Kilburn lived.

D. K. Brown, special agent in charge of the Los Angeles FBI office, said Kilburn was captured without resistance. Agents plucked a loaded pistol from his waistband and found another in the apartment. In his pocket they found a fake mustache and what Brown termed a fine-looking ID card.

Brown said Kilburn printed it himself. It had a picture of Kilburn on it, and a space for thumb prints. They were the prints of his left and right big toes, Brown said.

Galion Woman Makes Own Flowers

Mrs. Logan Turns Out Bouquets for Friends, Special Occasions

GALION—Raising beautiful cultured roses in her garden once was a favorite hobby of a Galion woman, Mrs. J. W. Logan. Now that she is unable to grow them due to a physical handicap she makes them.

"Don't tell me! I now what kind of a rose that one is — it's the Crimson Glory," was a statement by a local physician whose hobby is raising roses. On first sight, he tought he was looking at a garden-plucked flower when he saw one of Mrs. Logan's hand made roses.

—:—

IT WAS because Mrs. Logan liked to have flowers in her home in the winter as well as in the summer, that she first tried buying artificial ones. After failing to find realistic looking flowers to her satisfaction, she started making them. When they turned out fairly well for her, she began giving them to her friends.

"At first I gave them to everyone until I ran out of friends to give them to," Mrs. Logan relates.

Soon, friends of Mrs. Logan's friends, and relatives, wanted her to make flowers for them Now she has constant demands and is working on some "project" most of the time. The occasions are birthdays, anniversaries, and special days like Easter and Mother's Day.

Her workshop is her kitchen where she has a wall of glass cupboards to hold her finished products, bouquets and arrangements and the special pottery she selects for them.

Mrs. Logan, the former Marie Shaffer, has a natural artistic talent, inherited perhaps from her father, D. E. Shaffer, a former art teacher in the Galion schools who now resides in Mansfield.

—:—

IN ADDITION to roses, Mrs. Logan makes gladioli, daisies, violets and geraniums.

A special study of flower arrangements was made by Mrs. Logan, and she constantly keeps looking over catalogues and books for new ideas.

"Sometimes I think about an arrangement for months and when I can see it in my mind, I begin working on it and keep trying until I am satisfied," is the way Mrs. Logan explains the perfection she achieves. She spends about two weeks in completing an arrangement.

FLORAL MAKER. Mrs. J. W. Logan of Galion is a woman who likes flowers in her home winter and summer. When a physical disability stopped her from growing her own, she began making them. Now they are in demand from friends and relatives for use on special occasions.

In making her flowers, Mrs. Logan uses velvety plant velourcrepe, a paper product that looks like velvet and stretches. For many flowers, she starts with white and does her own tinting. She uses art crayon or a special chalk which is not found on the common market. She does her own cutting to shape the petals.

—:—

"I CUT MY own calyx, but there are some things you can buy which are more real than you can make, mostly leaves. I like to make crepe paper flowers, too. Sometimes I use wood fiber for the tiniest flowers like violets," she said.

Roses in her bouquets are in three stages, the buds, half-open blooms and wide-open ones.

Mrs. Logan's family takes an interest in her work. They include her husband, a son-in-law and daughter, Mr. and Mrs. Lester Diskosky, of Switzer Dr. and a married son, Howard Logan, who resides on E. Summit St. There is a grandson, Howard Jr.

Plans for Ohio Drive Mapped By Democrats

COLUMBUS, Ohio (AP) — Democrats will campaign through Ohio's counties as a team this summer, State Chairman William L. Coleman says.

The county-by-county campaign, which begins early next month, is an effort to win control of the Legislature, elect a Democratic governor and capture other state offices, Coleman announced Monday.

"We are going to have to run a Harry Truman type of campaign," asserted State Sen. Charles M. Carney (D-Mahoning). "Tell them the truth."

The campaign may begin July 7 with a rally in Norwood, Coleman continued, but has definitely been scheduled July 8 in the Seventh Congressional District. There will be breakfasts in Lebanon and Wilmington, then state and district candidates will proceed to London, Marysville, Bellefontaine and Urbana, with evening rallies at Xenia and Springfield.

"For the first time," Coleman said, "local candidates will be given a break and we will all function as a team. We want to complete the rural counties by the second week in August and then start on the metropolitan counties."

Navy's Newest Fighter Passes Its Initial Test

EDWARDS, Calif. (AP) — The Navy's push-button fighter, the F8U3, has won its wings.

It roared into the air over the Mojave Desert Monday in a 48-minute maiden flight. Chance Vought, its maker, said the performance was a secret, but termed the Crusader III capable of twice the speed of sound (760 m.p.h. at ground level).

The push buttons are part of an advanced automatic flight control system in the F8U3. The pilot need only push various buttons to climb at a desired rate of speed and angle, to cruise and follow pre-set headings.

Firemen Drag for Body, Find Two in Cleveland

CLEVELAND (AP) — Firemen looking for one body in rain-swollen Doan Creek Monday night found two.

The coroner's office said a search was being made for Nathaniel Todd, about 8, who had fallen into the creek, when the body of a man was recovered. The boy's body was found nearby a short time later.

The man was identified by relatives as Fatius Papatatiau, 34, who had been missing since the truck in which he was riding plunged into the creek Sunday night. His body was found about a quarter-mile downstream from where the truck went into the water.

Police Seeking Clues in Fatal Beating of Cleveland Recluse

CLEVELAND (AP) — Police today delved into the past of Rudolph Kordis, a 60-year-old recluse, found beaten to death in his Cleveland home in an effort to find clues to his slayer.

Kordis was believed slain by a robber. Coroner Samuel R. Gerber said Kordis had been struck about 30 times on the head with a blunt instrument. No such instrument was found.

Kordis, a familiar figure on his bicycle in the neighborhood, lived in a house in the back yard of another residence he rented to tenants.

His house had been ransacked and the lower panel in one door had been broken out, police said.

Kordis' body was found lying on the floor Monday morning by his tenants, Mr. and Mrs. George Howe, when they took his mail to him.

Homicide detectives said as far as could be learned, Kordis last was seen alive Friday night. One investigator said he may have been dead 48 hours.

Police said Kordis apparently put up a terrific struggle with his assailant. Blood was spattered on the walls and floor of the living room in the newspaper - littered home.

The mattress on the cot where the victim slept had been ripped apart, apparently in a search for money, and a bloody $20 bill was found on the floor.

I think whoever did it was badly fooled," said Capt. David E. Kerr, homicide chief. He came here looking for a lot of money. I don't think he got much."

Two bank books showing deposits as recently as April were discivered among Kordis' disarranged belongings. One showed he had a $3,000 balance at a savings and loan company and the other showed he had several hundred dollars in a bank. The money apparently came from rentals on three other properties Kordis owned besides the one where he lived, investigators said.

2,300 at Opening Of Richwood Park

RICHWOOD — A crowd of 2,300 attended the opening day activities at the Richwood Lake Park last Friday. Prizes donated by local merchants were awarded during the day to the contest winners.

At night the Richwood Athletic Club won two softball games from a Columbus squad.

Officials of the park announced there will be swimming every day from 1 to 7 p.m. Those interested may register for swimming lessons at the concession stand. The lessons start June 23. Reservations for the shelter house for family outings may be made with Mrs. Betty Mowery at the stand.

There will be two or three lifeguards on duty each day and swimming will be allowed only when they are at their posts.

The playground this year has been equipped with swings, sliding boards, teeterboards and a merry-go-round. Fishing facilities also are available.

Three Injured In Area Crash

Truck Strikes Auto North of Delaware

DELAWARE — Three persons sustained minor injuries in a two-car accident on Rt. 23 one-half mile north of Delaware at 3:15 p.m. Monday, patrolmen of the Delaware post reported today.

They said the mishap occurred when a northbound car driven by Robert D. McGill, 63, of Carey, stopped for a school bus and a truck driven by Robert A. Studer, 50, of Somerset, struck the auto in the rear.

Injured were: McGill, bruised chin; Studer, lacerations of the elbow, and Woodrow Winegardner, 38, of Somerset, a passenger in the Studer truck, cuts on the forehead.

Patrolmen said Studer was treated at Jane Case Hospital and released.

Extensive damage was done to the McGill auto while the truck was considerably damaged in the collision, officers noted.

Studer was charged with driving under the influence of alcohol. He will appear in Delaware Municipal Court at a later date.

Parolee Arrested On Texas Charge

Freedom was short-lived Monday for 40-year-old Roy Edward Sheppard of Norwalk.

He was paroled from the Marion Correctional Institution yesterday and was arrested upon release by the sheriff's office on a governor's warrant charging him with stealing more than $50 and a set of tires in Potter County, Tex.

Sheppard refused to waive extradition and proceedings were started this morning in Common Pleas Court. Judge Paul D. Smith gave him an opportunity to obtain counsel and file a petition for a writ of habeas corpus before June 26 at 10:30 a.m.

Sheppard, who is being held without bond in the county jail, was paroled after serving two years of a grand larceny sentence from Huron County.

Marion County School Boards

Monthly meetings were held in several school districts in Marion County Monday night. At Pleasant the board did not complete its business and adjourned until next Monday night.

—Claridon—

The Claridon Board of Education Monday night approved the purchase of a new transit-type school bus for next year from the Fleet Service Garage. Cost of the bus will be slightly higher than the state-approved ceiling of about $8,500.

Due to the amount of time discussing the four bids and several proposals on each, the board decided to hold another meeting later this week.

—Green Camp—

The Green Camp Board of Education voted Monday night to place a five-mill renewal levy on the November ballot. It would be a renewal for five years of the existing levy for current operating expenses.

The board decided to lay a cinder track around the new baseball field on a recently purchased tract of land across from the school. Grinnell Excavating of Richwood is doing the work and should have the track completed early this summer, according to Supt. Norman Roettger. The board also discussed the possibility of lighting the field.

Salaries were set for non-teaching employes currently under a two-year contract.

After a discussion on employing a coach-physical education teacher and a mathematics-science teacher, the board adjourned its meeting until June 23.

—Prospect—

William Phillips, driver training teacher at Ridgedale, was employed Monday night by the Prospect Board of Education to teach a driver training course at the school during June and July.

Supt. Clyde Forry said the course is being offered this summer instead of during the school term next year so that students can concentrate on other subjects in the curriculum and still have an opportunity to receive driver training. He said it also would free Prospect's regular driver training instructor, John Robertson, for a broader teaching area. Mr. Robertson currently is working on a master's degree at Bowling Green State University.

The board authorized R. F. Hughes, school custodian, to attend a three-day custodian school at Ohio State University this summer.

Redecorating work in a number of rooms was authorized. Mr. Forry said furniture will be purchased for the study hall and commercial room and a new lighting system will be installed in the commercial room.

A letter concerning the State House Conference on Education was discussed by the board. Plans were made to send a PTA representative to the conference next fall.

The board also discussed the need for employing an elementary teacher and one for the combined seventh, eighth and ninth grade English course.

Red Cross Needs Special Types of Blood for Center

An acute shortage of O-negative and A-negative type blood exists at the present time at the Columbus Regional Blood Center. The Marion County Chapter of the American Red Cross was informed of this today in a wire received from the Regional Center.

Persons in Marion and area with these two types of blood are urged to volunteer as donors when the Red Cross bloodmovile visits this city Wednesday.

In the last few weeks, the Marion Red Cross Chapter has had to recruit persons with these two types for patients in Marion General Hospital.

At least 40 donors still are needed in order for the Marion Chapter to meet its quota of 160 pints of blood for this visit of the bloodmovile unit.

The unit will be at the Chapter House on Mt. Vernon Ave. from 11:30 a.m. to 5:30 p.m. Wednesday. Appointments can be made by calling the Red Cross office at 2-1653.

Galion Mayor Puts 2 in Jail 60 Days

GALION — Two men were sentenced to terms of 60 days in the Crawford County jail this morning when they appeared before Galion Mayor Edward H. Jones. The men were charged with receiving stolen property and entered guilty pleas to the count.

According to local police, the two, Walter NeNlson, 33, of Iberia, and Richard W. Borders, 24, of S. Pierce St., Galion, were arrested last Wednesday in their car here and charged with intoxication and disorderly conduct.

They were given four-day jail sentences on those charges. Police said they found merchandise in the car which allegedly had been taken from break-ins at the Tom Boy Burger Drive-In Restaurant and Ventrone's Cafe. The men denied they had broken into the places, and were charged with receiving the property.

Village Council News

Regular council meetings were held in several Marion County villages Monday night. Most of them were devoted to routine business.

—LaRue—

LaRue Village Council Monday night had its first tie vote in 14 years. The tie came about on a motion to approve the monthly bills which included higher salaries for village officials approved several months ago.

Several of the councilmen questioned the legality of the increase in salaries and it took a vote by Mayor Mrs. Estelle Armstrong to break the deadlock.

In its only other piece of legislation, council voted to take the necessary steps to provide adequate lighting on McCormick St. in the area of the new Wesleyan Methodist Church.

—Prospect—

The Prospect Council Monday night voted to accept the resignation of Councilman Paul Brown. A replacement for Mr. Brown is expected to be selected by the time of the next meeting in two weeks.

The remainder of the meeting was devoted to routine business.

—Waldo—

Neil Weirick of Martel was awarded the contract for the repair of streets and alleys in the village when Waldo Council met Monday night. The contract was awarded after the streets and alleys committee had made its report on the condition of the roads in the village.

Mrs. Lucille Stratton was hired to watch the crossing at the school for the next two weeks while the Daily Vacation Bible School is in progress. The school opened Monday.

—New Bloomington—

New Bloomington Council Monday voted to obtain a new fire circuit from the General Telephone Co. when telephones in New Bloomington and LaRue are converted to dial systems later. Under the fire circuit plan, several volunteer firemen can be alerted at once.

The remainder of the meeting was devoted to routine business.

—Green Camp—

Green Camp Council was told night that the repair and cleaning work on the village drainage system had been completed. It also was reported that work at the village dump also had been finished.

Village officials issued a reminder to residents that all dogs must be tied up if they are molesting other people's property.

There were two no-hit games—one a five-inning affair called because of rain—ten one-hitters and 24 two-hitters in the Southern Assn. last season.

Ohio Conference Of Methodists in Lakeside Session

LAKEIDE, Ohio (AP) — The 147th annual Ohio Methodist Conference convened at Hoover Auditorium today with Bishop Hazen G. Werner presiding.

The first session consisted of a memorial service for conference members' who died during the year. The Rev. Carl J. Plummer, pastor of Bigelow Methodist Church, Portsmouth, preached the memorial sermon.

Reports by the conference treasurer, statistician and district superintendents will be read at an afternoon business session. The reports summarize the work of 655 pastoral charges and the 11 districts which make up the conference.

The conference ends Sunday afternoon with ordination of deacons and elders by Bishop Werner. Appointments of ministers for the new year will be read Saturday evening.

Oil Still Entering Into City's Sewers

A report of the analysis of an oily substance in the W. Center St. trunk sanitary sewer has not yet been received from an independent laboratory in Columbus, Safety-Service Director Howard W. Travis reported today.

The substance, which is a brownish yellow and has a strong kerosene odor, has been flowing through the sewer for more than a week. Estimates are that more than 5,000 gallons of it has passed through the sewage treatment plant.

City engineers made a check again today at Scioto St. and Fies Ave. manholes and found the substance still is mixed with the sanitary sewage in about the same proportions as last week.

Source of the inflammable liquid still has not been determined, Mr. Travis said today. In sufficient quantities, it could make necessary the shutting down of the sewage treatment plant.

Pineapple Adds New Flavor to Tuna Salad

The Islands and the sea combine forces to provide the main ingredients for this tropical version of an old favorite. A new look and a new taste is the result of adding tangy, golden pineapple tidbits to tuna salad.

Good any time of the year, but especially now, in attractive bowl on the buffet table, as an individual dinner salad, or heaped into crisp lettuce cups with salty breadsticks or crackers for lunch.

Tuna Salad, Tropicale
1 6½ oz. can chunk-style or flaked tuna, drained
1 No. 211 can (1 cup) pineapple tidbits, drained
¼ cup sliced stuffed green olives
1 ablespoon chopped onion
1-3 cup salad dressing
salt

Toss all ingredients lightly together and serve as suggested above.

Can also be packed in covered plastic dish for lunch box. Makes 4 servings.

Kenton Takes No Action To Institute Tax

KENTON — No action was taken on the city income tax proposal at the Monday night meeting of City Council. The finance committee of council was to have presented a report on its study of the measure, but reported it had not met since the last council meeting.

Some discussion was held on the proposal which was made at the last meeting by Robert Goodsell, council president. At that time council agreed to wait until the finance committee studied the matter before taking action.

At Monday's meeting it was pointed out the city's general fund will be depleted by November. Mayor John Cook pointed out that the city will have to find money somewhere to pay its bills.

County Prosecutor Paul McKinley reiterated his previous stand that an operating levy or real estate tax would be preferable to an income tax.

In the only definite action Monday night council gave the first reading to an ordinance extending the existing gas rates with the West Ohio Gas Co. until January, 1960.

Plan Walkout

SANDUSKY, Ohio (AP)—About 150 members of Local 867 of the International Brotherhood of Electrical Workers planned to walk off their jobs today in a wage dispute with electrical contractors in Erie County. An electrical contractor said the average hourly rate is $3.58 and the local wants it hiked 17 cents. The contract expired May 15.

Elected by Trustees

SYCAMORE — The trustees of the Mt. Zion Cemetery met Monday afternoon, June 2, in the church for the transaction of business. The officers were elected for next year and they are: president, C. C. Corfman; vice president, Charles Stubbs, and secretary-treasurer, Raymond Harten. Other members are O. J. Niebel, Harry Rowse and Carl Miller.

Mechanical Nose Aids In Detection of Blazes

NEWARK, N.J. (AP)—Newark firemen will now be able to sniff smoke with a mechanical sniffer instead of their own sniffers, which are unsuited to the task.

The fire department's recently acquired mechanical sniffer is a battery-operated instrument which can detect the dangers of smoke, thus enabling firemen to don gas masks without exposure to the fumes.

House Broken Into

Sheriff's deputies today are investigating a break-in which occurred sometime during the weekend at the home of Ernest Kessell on Selma St. north of Marion.

Mr. Kessell told deputies Monday night that someone had gained entry to the recidence by forcing a window open at the west side of the house. He said $7 was taken from a bank and a desk was ransacked.

Justice Also Is Unhurried

If Gov. O'Neill goes through with his plan to call the Ohio General Assembly into special session before June 30, it is unlikely the call will cover the issue of supplemental unemployment benefits.

Chief Justice Weygandt of the state Supreme Court has shown no inclination to accommodate the court's procedure to the hurry-up mood of the Ohioans who want an immediate ruling on pending SUB cases.

If the cases are admitted for review, which would be the first step, it might be next fall before a ruling was handed down. If they are not admitted for review, which would mean SUB could be paid in Ohio, there would be no need for the legislature to tackle a complex issue on short notice. At best, it would be passing ex post facto legislation.

SUB is not the issue that justified the governor's decision to call a special session of the Assembly anyway.

The key issue is Ohio's position in relation to the extension of federal advances to the states to finance temporary extension of unemployment compensation.

This legislation now has cleared Congress with an optional feature that gives states the right to accept or reject federal aid.

Ohio has no reason to accept the aid. Its unemployment reserves are adequate to cover all foreseeable needs for months to come. Instead of accepting federal funds, which subsequently would have to be paid back by increasing unemployment taxes on employers, the Ohio Assembly will be asked to make its own arrangements for extending unemployment payments beyond the 26 weeks now authorized by law.

This, in itself, will neutralize any issue over SUB, which is a special payment that can be claimed by only a handful of employes. Unemployment compensation, on the other hand, is for the benefit of all unemployed Ohioans.

Chief Justice Weygandt may have gone a little out of his way to make it plain he does not run the Ohio Supreme Court to accommodate the desires of people who want justice to be in a hurry. He boxed the governor's ears pretty hard for putting the Supreme Court in a bad light by saying everything would be taken care of by the week of June 30, which was the time picked for the special session.

But the chief justice of Ohio's Supreme Court has been on the job a long time. He knows that justice, being blind, cannot afford to be in a hurry, lest it stumble and fall. Only executives and legislators can afford to be in a hurry.

Needed: Enduring Habits of Safety

An idea originated by the safety committee of the Marion Kiwanis Club and executed by Kiwanians throughout the state is credited with helping to reduce Ohio's accidental death toll over the Memorial Day weekend.

At stopping places on major thoroughfares, club members handed motorists safety literature—handbills urging drivers to "Slow Down and Live."

For thousands of drivers, this extra, person-to-person plea for safety was enough to cause them to look before passing, to ease up on the throttle, to think of the other fellow.

Eighteen persons, though, didn't get the message, and never would.

They were killed in highway accidents—some as passengers innocent and unaware of any driving faults, some as victims of the carelessness of another driver, and some, undoubtedly, as irresponsible motorists guilty as sin of an infraction of the traffic laws.

Eighteen dead! But that is an improvement. Last year 28 were killed in a shorter holiday period.

Kiwanians here and elsewhere in the state are glad that their work helped to reduce the toll.

But they are the first to realize that their effort was not enough.

A safety consciousness must be developed in the motoring public so that every driver follows the traffic rules every minute he is on the road. Safety must become a habit so ingrained that it cannot be broken.

The problem is: how to develop this safety consciousness.

Safety slogans help, but are not enough. Safety campaigns such as the Kiwanians' Memorial Day effort help, but are not enough. Driver education in the schools helps, but is not enough. Maximum law enforcement helps, but this, too, is not enough.

The Kiwanians who developed the safety campaign believe the answer may be tougher laws. They point out that if a motorist stood the chance of losing his driving license if he ran a stop light or passed on a hill, he could hardly forget to follow the traffic laws.

If tougher laws would save 18 lives, they certainly would be worth a try.

Object Lesson in France

Opponents of the De Gaulle "trusteeship" in France are not the first to chatter about saving what they have destroyed with their own errors, and they will not be the last.

The free world is fascinated by events in France. It is watching an object lesson in government. The enslaved world has a similar reason to watch.

All forms of government carry within themselves the seeds of their own destruction. The seeds are patterns of procedure that have ceased to give people what they want and need. France had outlived and outgrown the parliamentary patterns of its Fourth Republic, a form of government that glorified political obstructionism. Obstructionists had worn out the tolerance of Frenchmen who wanted and were not getting a sense of national purpose.

For the obstructionists to shriek that they were saving France with the methods that were destroying it was to repeat what the defenders of every political regime that ever has been overthrown have said.

When men who hold public power lose the confidence of the people, they always blame the people; they never blame themselves. In France, the proposal of the Pflimlin government to reform the constitution was a concession that came too late. The time to have found fault with a constitution which put France at the mercy of its bickering politicians and Communist subversives was 12 years ago when Charles de Gaulle warned that it would betray France.

It is his destiny to try to pick up the wreckage of splinter politics. His "trusteeship" also carries within it the seeds of its destruction. They will germinate at the instant he lets his government give the appearance of being more interested in itself than in the problems of the people it serves.

He has sent the politicking legislators home for the summer, but they will be back in the fall. And throughout the summer, they will be alert for signs that the De Gaulle regime has become more engrossed in saving itself than in saving France.

A Fault in Manners

A fault in manners that is objectionable every time a Memorial Day parade is held was noted again this year.

A great many Americans seem to have grown up with no respect for the nation's flag as a symbol of everything they hold dear. Among those who show bad manners in the presence of the flag are some who may mean no disrespect but do not know how to show respect.

This is not a treatise on all the niceties of flag manners that have been formalized. They all originate in respect for it as a symbol, and most of them are no more complicated than the things anyone would do naturally in the presence of a cherished symbol.

One would not ignore its presence in a parade. He would show his respect by facing it and baring his head, if he were a man. He would not make the American flag seem inferior to any other banner. He would hold it high if he were bearing it.

Perhaps the trouble is that the American flag is regarded too often as just another stereotype of a familiar symbol, like Santa Claus. It is not a stereotype. Each flag is a symbol in itself, as though it were the only one in existence.

The Once Over

By H. I. Phillips

Since Ike's "nominations for oblivion" everybody is getting into the act. We nominate:

The economist who took up the subject because he flunked the tea-leaf-reading course. All men who get out of a candid answer with "No comment."

The characters responsible for Succotash, Sheep dip and Goulash Weeks, etc. People who gather at the scene of a ghastly crime and grin ear-to-ear for the camera. Autoists who regard a driver's license as a permit to be a stinker. Folks who get outraged when a brave and firm cop gives a rough "going over" to a hoodlum who has never shown pity for anybody in a fight.

ALL AUTO ENGINEERS with new ideas for different tailfins and rear-light panels. Airwave comics (and their writers) who think the height of comedy is a reference to "chicken fat." Most airwave detectives. Ninety-nine per cent of the actors who portray western marshals as if the requirements were a photogenic face and the right hair oil.

Baseball club operators who, even with the bases full and nobody out, can discuss a profitable deal giving loyal fans the dirty end of the stick. Roadside inns which charge $1.75 for ham and eggs. Hostesses who ask, "Was everything all right?" when they know the food was frightful and the service worse.

TV BOGUS DOCTORS in white coats. Quiz show emcees who exclaim, "That's wonderful. You are on your way to the mink coat" when a contestant gives the right answer to "In what state is the California Redwood found?"

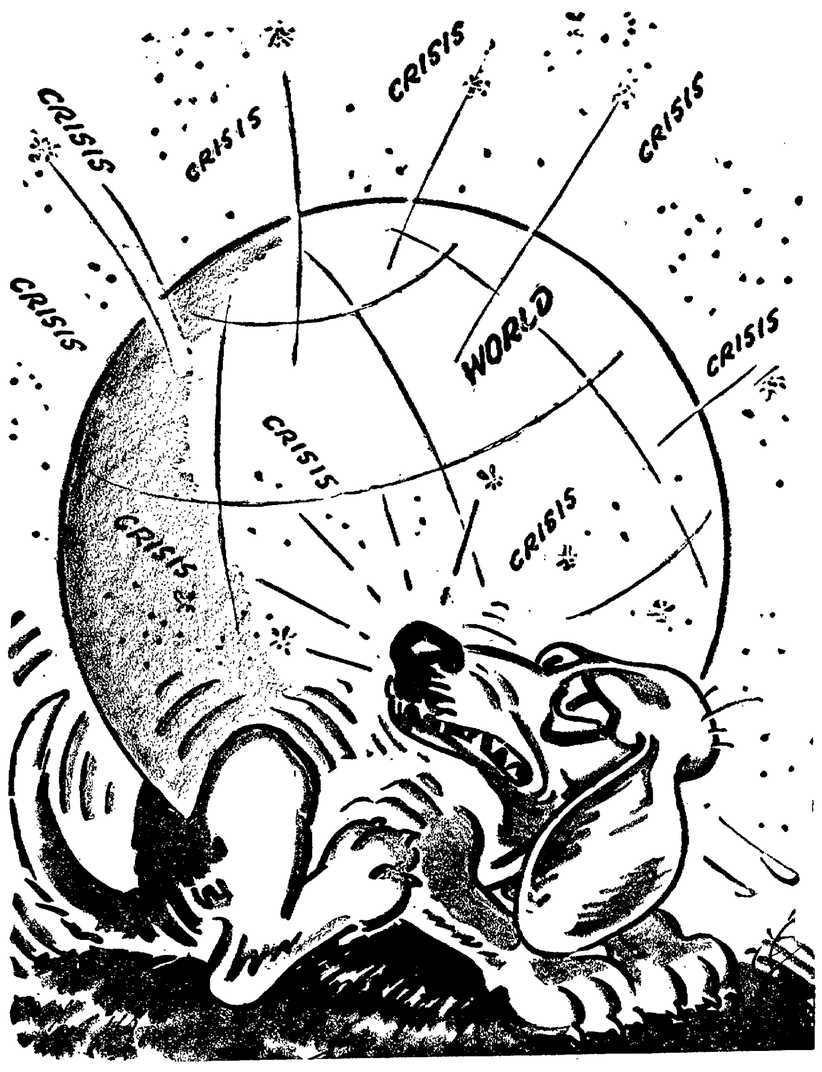
Golfers who think a cry of "fore!" is a police mandate or a fleet admiral's command. All movie and TV directors who foul up a kid's conceptions of fair play by requiring that in any fight between he-men nothing less than 50 slugs will suffice.

People who run all hors d'oeuvres through a garlic bath. Fishermen who say, "You should of been here yesterday."

The inventor of the key that is supposed to open a sardine can.

THE McCLELLAN COMMITTEE hears a butcher's union head drew $117,817 in three years, his bodyguard testifying that it was his routine to rise at 11 a.m., spend the day at the races and put in his nights at a beefsteak restaurant. He probably played horses that were of "prime quality."

Nothin' but a Houn' Dog



Equitable Taxes

By David Lawrence

Most members of Congress would like to see a tax cut made. But certain legislative and political obstacles will have to be surmounted before this can happen.

Lawrence

The Democrats, for the most part, are willing to go along with the administration's request that no "general tax cut" be tacked on to the bill that has to be passed by June 30. This is the measure that would continue the existing rates on corporation incomes and on the sale of articles on which excise taxes are imposed.

The big argument that will be made against all amendments is that since the Senate Finance Committee will not have approved any cuts, the Senate as a whole should not try to write a tax bill on the floor. It will be insisted that, just as in the case of broad labor legislation recently, a bill that hasn't been studied by the committee in charge should go back to it for hearings and further examination and hence amendments on the floor should be tabled.

But between June 30 and the middle of August when Congress is expected to adjourn, the heat will be on to do something on the tax problem.

The administration has expressed a deep interest in legislation to help businessmen. The pressure for reduction of excise taxes will be renewed no matter what tax bill comes up for debate.

If the business situation shows little improvement, members of Congress will manifest considerable interest in tax legislation during July.

JUST HOW, it is being asked, was the administration able to ward off any opposition by the Democratic leaders of the Senate and House to the proposal that there be no change in existing tax rates on excises and corporations and no tax cut in the other categories?

Why did the Democrats go along with the administration's plan?

The answer is that once the line is broken and a concession is made, for instance, in one article on the list, the demand for similar treatment would come from all other groups. The congressman from Massachusetts, for instance, may not have as many voters in the automobile category as the congressman from Michigan, but the Massachusetts representative does have them in the plants that manufacture other articles on which a reduction in excise taxes is being urged as a stimulus to employment.

Finally it came down to the simple proposition that if the doors were opened to one concession on excise taxes, it would mean that there would have to be concessions granted all along the line.

BUT WHAT becomes of the doctrine that tax reductions would add to purchasing power and that this could help to restore employment?

The administration's answer is that a bigger deficit in the Treasury would bring on an inflation and impair the dollar's purchasing power.

Why, however, did the Democrats accept that argument inasmuch as since New Deal days they have argued the other way? The reason is that the southern Democrats who are the leaders in Congress today don't think like New Dealers and are concerned with a sound and stable economy.

From a political point of view, the northern Democrats—who will put up a fight for amendments to the tax bill that comes up for passage before June 30—will continue to try to make political capital out of the administration's position and they will not be too much bothered by what their southern conservative brethren have done.

POLITICALLY speaking, the natural tactics of the Democrats in the North will be to say on the stump in the forthcoming congressional campaign that the Republicans are responsible for the "recession" and have failed to provide tax relief and more purchasing power.

The Republicans will make their rebuttal with arguments about the dangers of runaway spending and inflation that could diminish purchasing power, especially for those persons living on fixed incomes.

The truth is everybody knows the treasury can't stand any immediate cuts of substantial size in tax revenues but the truth also is that sooner or later a start has to be made on an equitable revision of the tax structure.

Demolished Illusion

By Hal Boyle

NEW YORK

The stars will never look the same to us again.

In troubled times in the past a man has always been able to walk out into the night, turn his face skyward to the stars and tell himself, "Up there is quiet, peace, serenity." Somehow, in his own loneliness, the lonely sky has always comforted him.

HAL BOYLE

But never again—never, never, never!

Dr. Harlow Shapley, retired director of the Harvard College Observatory, has destroyed forever our cherished myth that the sky was either lonely or serene.

Lonely? Why it turns out that the heaven is more crowded than a ball park during a free Sunday double header.

Dr. Shapley, who rates the earth as a lowly mudball circling around a third rate star—our sun—estimates there may be 100 quintillion stars in the known universe.

But, hold on. There's worse to come. Man has long speculated there may be forms of life on one or two of our neighboring planets.

This is a piker's view to Dr. Shapley. He figures that if even only one out of every trillion stars in the universe has conditions roughly similar to those of our sun, then there may be 100 million planetary systems with life on them.

WE DON'T KNOW how this possibility affects you, we do know how it has affected us. Ever since reading Dr. Shapley's estimate we have been dreaming, not of seeing flying saucers, but whole flying pantries.

The heavens may house vaster griefs than any we have known—but may get to know later.

A hundred million different planets may have different kinds of life in a hundred million different stages.

Some may have people much as ourselves, occupying themselves as they whirl through space with such diversions as children, mortgages, bingo and wars.

SOME MAY HAVE people even more advanced than ourselves, people who have lost the art of locomotion altogether, but developed two heads so they can think through their problems better.

Personally when we go out alone at night now here's what we do. We close our eyes, turn up our face, cup our hands to our mouth and holler, "Halloo, up there! Halloo!"

So far, we are glad to report, we have had no answer.

But we have lost our old fine feeling of fellowship for the stars. They have become strangers forever.

GRIN AND BEAR IT — **By George Lichty**

". . . And while I favor federal spending to combat the recession, I shall demand an investigation of such reckless spending when it's over! . . ."

Jobless Pay Bill Muddle

By James Marlow

WASHINGTON

President Eisenhower's plan for extending unemployment pay—his most eye-catching anti-recession move—was born in confusion and is still confused, thanks to help from the Democratic - run Congress which approved it.

He was expected to sign it into law today. Originally, it was supposed to apply to all 48 states. In its finished form probably no more than six states, those heaviest hit by unemployment, will make use of it.

It's possible this new law will prove to be so thoroughly fouled up that Congress — although it doesn't have much time left this year—will want to junk it and do something both clearer and more beneficial.

BEFORE LOOKING at the confusion, this is the background:

Each state has its own way of handling unemployment pay, deciding how much a jobless man can draw and for how many weeks. So the payments vary from state to state and the weeks of pay range from 16 to 31. In most states the maximum is 26 weeks.

States tax employers to provide money for unemployment pay in their individual states. The money in all these state funds now totals around eight billion dollars. So the states could increase the amount of unemployment pay and extend the number of weeks.

They could, if they wanted to. But none were doing it during this recession, although many thousands of jobless people were using up all the pay and weeks allowed them.

EISENHOWER decided to stick a needle in the states by proposing that the federal government provide money to all states to extend unemployment pay to those jobless workers who had exhausted all the weeks due them.

He called some governors to the White House for a conference on his idea. They came away uncertain about what he had in mind, some thinking he intended the federal money to be a grant, or gift, and not a loan.

They told newsmen they thought their states could accept a grant without trouble. But before they could accept a loan, they said, they thought their state legislatures might have to be called into session to approve.

WHAT EISENHOWER had in mind, as it turned out, was a loan, not a grant, with the loan to be paid back after four years. Repayment could some either from available funds or from a higher tax on employers.

He proposed: Congress should vote about 600 million dollars so states could extend by 50 per cent their maximum number of weeks of payment to jobless workers who had used up their rights. For example: A state with a present 26-week maximum could keep on paying a jobless man for another 13 weeks.

This didn't sit too well with some states, since they had enough money in their funds to extend the number of weeks without getting a loan from Uncle Sam. Besides, the thought of eventually boosting the tax on employers to pay back an unneeded loan wasn't too pleasant. One inducement for a 50 per cent extension in weeks—plus a gimmick added by Congress.

THIS, INSTEAD of forcing states to accept a loan, would leave it up to them to decide whether they wanted it. Since most states have enough money in their funds without going into debt to the government, most are not expected to accept.

And those who do accept may have to call special sessions of their legislatures or perhaps even amend their constitutions.

So what looked impressive, if confused, starting out, now looks not only confused but a fizzle.

Bigger Than Politics

By Truman Twill

Generalizations about Frenchmen have been a favorite sport of writers and speakers for so long the quotation books are full of them.

Samuel Johnson said: "The French are a gross, ill-bred, untaught people; a lady there will spit on the floor and rub it with her foot."

Napoleon I said: "The French have vanity, levity, independence and caprice, with an unconquerable passion for glory. They will as soon do without bread as without glory."

Henry Cabot Lodge said: "French ignorance is often more amusing than the wisdom of other people."

Otto von Bismarck said: "The French are irreconcilable, savage foes; and, if you strip them of the cook, the tailor and the hairdresser, you will find nothing left in them but copper-skinned Indians."

Lord Chesterfield said: "A Frenchman who, with a fund of virtue, learning and good sense, has the manners and good breeding of his country, is the perfection of human nature."

Our own Washington Irving said France was "a nation of right merry fellows, possessing the true secret of being happy, which is nothing more than thinking of nothing, talking about anything and laughing at everything."

Machiavelli said: "The French are naturally more fierce and hot than dexterous and strong, and if resisted handsomely in their first charge they slacken and cool, and grow as timorous as women. They are likewise impatient of distress or incommodity, and grow so careless by degrees that it is no hard matter, finding them in disorder, to master and overcome them."

So much for classical generalizations about the French.

At this moment, when they are in the throes of government trouble again, there is another generalization that anyone can make—that the French are less concerned with the pulling and hauling of their politicians and the muscle-flexing of their militarists than outsiders who are discussing the crisis in France.

This is not because Frenchmen are Frenchmen, but because they are human beings with the problems of the human race, one of which is the problem of finding a government that can pull itself together a little faster than it flies apart.

Herewith is an offer to wager the Arc de Triomphe against a cast-off crepes suzette that nine out of 10 Frenchmen are more interested right now in making the best disposition they can of their own lives than in lining up pro and con on issues of government they find both tedious and boring.

We'll bet the French boys and girls are still boying and girling in all the beauty spots of France, that the tillers of the soil are more interested in their crops than in the goings and comings of little men who misrepresent them in government and that in the villages and towns of France life is going on as usual while politicians bicker and dicker over their public positions.

We'll bet and give odds that the ordinary run of Frenchmen, if they could see what is being written about their country abroad, would murmur, "Izzat so?" in French accents and go about their business as usual.

Or as David Hume said it: "The French are the only people, except the Greeks, who have been at once philosophers, poets, orators, historians, painters, architects, sculptors and musicians."

The French may be the first people in modern times to have realized that everything they do is bigger than politics.

News of Other Years

40 YEARS AGO — Germany was reported to have brought the war to the very door of the United States with the rumored sinking of the coastwise schooner, Edward H. Cole, 75 miles off the Atlantic Highlands by a German U-boat.

20 YEARS AGO — The Senate approved an additional $100,000,000 for slum clearance in passing the administration's' relief bill calling for a total expenditure of $3,722,000,000.

Twenty-five farm youths from Marion and nearby counties were among 87 awarded state farmer degrees at the annual state convention of the Future Farmers of America in Columbus.

Two hundred seventy-six Harding High School seniors received their diplomas in the 66th annual commencement observance held in Chautauqua pavilion. Dr. Charles F. Wishart, president of the College of Wooster, was the keynote speaker.

10 YEARS AGO — Henry A. Krigbaum, local distributor for the Pure Oil Co. announced plans for the construction of a super service station at the corner of State and Center streets.

Two young "Junior G-Men" of Marion assisted police in nabbing a man accused of forging a government check, after they had been forced by the man, at gunpoint, to sign the check for him.

Dr. Bernard C. Clausen, pastor of the Euclid Ave. Baptist Church in Cleveland, was commencement speaker for the 76th annual graduation exercises of Harding High School held at Chautauqua pavilion in Garfield Park. Two hundred eight-two boys and girls were in the graduating class.

Two Kenton youths died of injuries suffered when their sports plane crashed on the Herb Wentz farm eight miles west of Kenton.

Galion's Oldest Store Owner Is Dead at 84

Hulda Klopp's Father Started Business in 1861; Family Ran It

GALION — Miss Hulda Klopp, 84-year-old owner and operator of Klopp's Store, Galion's oldest retail establishment, a dry goods store on Harding Way E., died Monday at 5:20 p.m., in Galion Community Hospital.

She was admitted to the hospital at 8:15 a.m. Monday in a critical condition suffering from a coronary ailment. She resided on S. Union St., and was a native and life-long resident of Galion. With the exception of slight pain in her legs from working in the garden last week, Miss Klopp was in apparently good health when she went to bed Sunday night after conversing with relatives.

At Work Each Day

Miss Klopp was downtown every morning at 7 or a little after, to prepare for the store-opening before the clerks arrived for the 9 a.m., opening. She usually remained at the store until the 5:30 p.m. closing time.

Miss Klopp had been associated with the store in some way since she was 11 years old. At first she did odd jobs on Saurdays and worked when the regular clerks were on vacation. The present store catered to women and small children and handled dry goods, luxury items and some ready-to-wear garments. It was established by Miss Klopp's father, Carl E. Klopp, in 1861, when he and a partner opened a general store. For years it was referred to as the German store.

It was located then at Union St. and Harding Way West. Later Miss Klopp and another partner, Jake Weiler, restricted the store to dry goods and located the store on Harding Way E. near the public square.

After the death of Miss Klopp's father, the store was owned by her mother, Lisetta Martin Klopp, and under her ownership for 17 years it was known as the L. Klopp Store, and was operated by her son, Ernest. When Mrs. Klopp died in 1919, Miss Klopp and her brother Ernest were partners until his death in 1937.

Sole Operator

Since 1937, Miss Klopp had been sole owner and proprietor of the store.

Before she fractured her hip nine years ago, she never missed a season of the Metropolitan Opera Company on its Cleveland appearance.

She was a charter member and still active in the Tourist club, belonged to the Dorcas Society and the Women's Guild of the First United Church of Christ where she was president of the Frauen Missions Verein for some 30 years.

Surviving are three nieces and two nephews: Miss Miriam Sayre and Howard Sayre of Galion; Mrs. Samuel Besse of Bexley; Mrs. William Russell of San Francisco; and Kenneth Klopp of Manhattan Beach, Calif.

Miss Klopp was the last of eight children.

Funeral services will be held Thursday at 1 p.m. at the residence, 217 S. Union St. The Rev. R. R. Elliker of First United Church of Christ will officiate. Burial will be in Fairview Cemetery. Friends may call at the home after 7 tonight. The Snyder Funeral Home is in charge of arrangements.

DEATHS and FUNERALS

Mrs. Charles Warner

Mrs. Clara Warner, 86, of Worthington died Sunday night in the home of her daughter, Mrs. Harles Moyer, in Waldo. She had been at the Moyer home since becoming ill in April with exception of a period of time when she was in the hospital. Her husband, Charles Warner, died a number of years ago.

A resident of Worthington most of her life, she was a member of St. Luke's Lutheran Church in Columbus.

Surviving are her daughter in Waldo; four granddaughters; six great-grandchildren; her brother Adam Sammet of Columbus, and nieces and nephews.

Funeral services will be conducted Wednesday at 2 p.m. in the Corbin Funeral Home in Worthington. Burial will be in Maple Grove Cemetery at Worthington. Friends may call at the funeral home.

Volunteer Patients Help Expose Cancer 'Quacks'

BAKERSFIELD, Calif. (AP) — There are those, glib of tongue, who profit from the human fear of cancer by claiming to cure the incurable. And there are those with the courage to expose them.

Mrs. Eleanor McKee and Mrs. Claire Schaefer are among the courageous—volunteers in the fight against cancer quackery.

Mrs. McKee, a 34-year-old Woodville farmwife, carries a burn scar on her shoulder from the job she did in gathering evidence against Perle Savely, 79, of Lemoore, Calif.

Mrs. Schaefer, 50, of Bakersfield, executive secretary of the Kern County Cancer Society, went through treatment by a fantastic "ozone machine" to expose Franklin D. Lee, 70, of Bakersfield.

—:—

SAVELY AND LEE were convicted of practiicng medicine without a license. Savely was fined $400, placed on probation for two years and ordered to make restitution to his "patients." Lee was jailed for one year.

Mrs. McKee and Mrs. Schaefer met for the first time recently when they were honored in San Francisco by the American Cancer Society for their undercover work.

The quiet-spoken farmwife—the mother of five children—said she had been criticized by some people for her part in exposing Savely. It was so discouraging, she said, she consulted her minister, who "put his arm around me and said he was proud of me."

But there were rewards.

The Tulare Advance - Register wrote an editorial addressing her by name:

"To you goes our nomination as Tulare County's "woman of the year" for your humanitarian work in exposing a cancer cure 'quack' by exposing yourself to his treatment."

Mrs. Schaefer's greatest reward was even more personal.

"After Lee's trial, I heard of a woman who had planned to go to him," she said.

—:—

"SHE LISTENED to the trial, then went to a regular doctor, who sent her to the county hospital. She is being treated for her ailment. Even if she were the only one—and I'm sure there are more—I feel that whatever I have done was well worthwhile."

Mrs. McKee, whose mother died of cancer, became worried after failing to dissuade a friend from going to Savely. She consulted the California Cancer Society. Agents of the Pure Food and Drug Administration persuaded her to go to Savely's house and show him a non-pigmented mole in her right shoulder.

"I agreed to do what I could, but I certainly didn't know what I was getting into," she said.

"He reached into a bag and took out a 10-cent magnifying glass—the kind my children often play with—and looked at my shoulder. He frowned and told me I had cancer.

"He took a shoe paste jar from a box and took a penknife from his pocket. He wiped the knife on his pants and then used it to spread ointment from the jar on the mole on my shoulder.

"He was so convincing, apparently so sincere, that even though I knew he was lying, I half believed him."

—:—

ON ANOTHER visit, Mrs. McKee was accompanied by a Pure Food and Drug agent who posed as her brother. A sample of the ointment was obtained. After analyzing it, agents arrested Savely.

Mrs. Schaefer was accompanied on her first visit to Lee by Mrs. Vernice Jensen, who had a miniature wire recorder concealed in her dress.

Lee examined Mrs. Schaefer's foot, explaining that all nerves were centered there. After squeezing the foot until she winced, she said, Lee told her she had kidney trouble, "needed a cleanup job inside," had a strong heart, a liver that was acting up, had female trouble and internal disorder.

Mrs. Schaefer said Lee treated her with an "ozone machine," a box and board with lighted tubes. It emitted fumes that made her dizzy as he moved it back and forth across her body, she said.

After that, he prescribed sage tea and a flesh-burning ointment. Lee was arrested during Mrs. Schaefer's third visit.

"He had a fatherly appearance," Mrs. Schaefer said.

"He was pleasant, jolly, reassuring and sang hymns in a nice baritone voice as he went from patient to patient. He said he could be a doctor if he wanted to but he didn't want to."

Cure-All Offered For Heart Illness

CHAPEL HILL, N.C. (AP)—The North Carolina Heart Association says one of its county chairmen has received from an unidentified correspondent a prescription reputedly useful in remedying heart ailments—maybe cancer, too.

The note, indiscriminately capitalized and without punctuation, said:

"In regard to the hart I have a rimidi i have bin taking For 6 years That Have Kept me Going I call it 3 Boys it is composed of the Persons Hair Who has the Trouble and Ten 10 parts of yew sheep Wool burned in an air Tight container and Bubled in quart of Drinking Water it will East the Pain instantly one tablespoon full I believe if a Person could Produce enough Hair that he could take more of it or could Stomack Drinking the substance of some one elses Hair the Heart cure is here I have very good Reasons to Believe it is equally good for cancer."

House Passes Proposal for Space Agency

Unanimous Approval Granted; Bill on Way To Senate for Study

WASHINGTON (AP) — Passed unanimously by the House, a bill to create a civilian space agency moved today toward prompt consideration in the Senate.

The Senate Space Committee under Majority Leader Lyndon B. Johnson (D-Tex) planned to start closed-session work on the legislation by the end of the week.

Along with it, the House sent a strong call for international cooperation in the peaceful exploration of space.

Says New Agency Needed

President Eisenhower urgently asked Congress for the bill two months ago. He said a new agency to direct America's nonmilitary space activities is needed to make the most of U.S. efforts.

As passed by voice vote in the House Monday, the measure generally follows the Eisenhower plan.

The new National Aeronautics and Space Administration would be headed by a $22,500-a-year civilian. It would absorb the long-established National Advisory Committee for Aeronautics, an air flight research agency.

Would Set Up Liaison

Lines of cooperation between NASA and the Defense Department and the Atomic Energy Commission would be set up through liaison committees. Unresolved disputes over who should handle space projects would be settled by the President.

Left in the bill without opposition was a precedent-setting anti-secrecy provision saying NASA must make its nonsecurity information available to the public.

STILL ON THE RUN

HOLLY HILL, S.C. (AP) The still wasn't very still, but Police Chief E. I. Goss nabbed it anyway. The whisky making apparatus was mounted in the trunk of an automobile when Goss spotted it. The driver fled on foot after a chase but Goss got the still.

MAN EASES CONSCIENCE (8)

BIRMINGHAM, Ala. (AP)—A long-time friend of Jefferson County Judge I. G. Brooks walked into his office and handed him three dollars.

"What's it for?" asked Brooks.

"I owe it to you," the friend replied. "For 50 years I've been trying to get up the nerve to tell you what I had done and pay it back. You see when we were just kids I slipped it out of your pocket one day."

Weddings

Miss Mary Ann Makeever became the bride of Theodore Murphy Sunday, May 25, in a 6:30 p.m. ceremony in the rectory of St. Mary Catholic Church.

The Rev. Robert Noon heard the exchange of vows which united in marriage the daughter of Mr. and Mrs. John Makeever of 374 Olney Ave. and the son of Mr. and Mrs. Robert Murphy of Morral.

For her nuptials, the bride chose a street-length white silk sheath, fashioned with a scalloped neckline and tulle overskirt and trimmed with iridescent sequins and seed pearls. Matching mitts and a short veil attached to a large silk bow as a headpiece completed her ensemble.

She wore a white orchid corsage and a single strand of pearls, gifts of the bridegroom.

Gowned in pink cotton with an overlay of white eyelet chiffon and sequin trim, Miss Rose Marie Clifton was the maid of honor. She wore a matching hat of nylon tulle and a pink carnation corsage.

Serving as best man was a brother of the bridegroom, Joseph Murphy.

For her daughter's wedding and the reception held following at the UAW-CIO hall, Mrs. Makeever chose a two-piece navy dress with white accessories and a white carnation corsage. Mrs. Murphy was similarly attired.

Misses Marilyn Fairchild, Margaret Murphy and Kay Murphy served at the reception.

The bride changed into a two-piece powder blue dacron dress with white accessories and her corsage for a wedding trip to Niagara Falls.

The newlyweds are residing at 853½ E. Church St.

The new Mrs. Murphy was graduated from Harding High School in 1954 and Mt. Carmel School of Nursing in 1957. She is now employed by the General Telephone Co.

A 1954 graduate of Morral High two years in the Army and is employed by the Eaton Manufacturing Co.

Irene Addison Is Married In Local Church Service

In the First Church of the Nazarene on Saturday, May 24, Miss Irene R. Addison of 224 Windsor St. became the bride of Robert H. Layman. The couple repeated their vows in a candlelight ceremony at 7:30 o'clock in the evening, standing beneath an archway decorated with white snapdragons and salal foliage. Palms formed a background and at either side were lighted candles held in seven-branch candelabra and decorated with salal and white satin bows, Marking the family pews were white satin bows and salal.

The pastor, the Rev. L. L. Zimmerman, officiated. Presenting nuptial music were Lowell Oberlander of Bucyrus, organist, and Howard Orr of Marion, vocalist.

The late Mr. and Mrs. W. H. Addison of Sparta were the bride's parents and the bridegroom is the son of Mr. and Mrs. W. H. Layman of 469 Uncapher Ave.

—:—

GIVEN IN marriage by her brother, Estel Addison of Centerburg, the bride wore a gown of Chantilly lace and nylon tulle. The basque bodice was styled with a high mandarin collar studded with iridescents and pearls and long sleeves which tapered into tiny points over the hands. The waltz length skirt featured lace appliques. Her shoulder length veil of silk illusion was caught to a tiara of iridescents and pearls. She carried a bouquet of phalaenopsis orchids and sprays of white carnations.

The bride's matron of honor and only attendant was Mrs. Loren Pinyerd who wore a floor length taffeta gown in a mint green shade and styled along princess lines. Soft pleats caught with a large bow fashioned the back of the skirt and topping the bodice was a matching nylon lace jacket with a winged collar and long sleeves that ended in points over the hands. She wore a matching tiara decorated with white nylon and seed pearls and carried a cascade arrangement of yellow carnations.

Keith Stanley of Marion served as best man for the bridegroom and ushers were Earl McWherter of Delaware and Loren Cunningham of Marion.

A reception followed in the Nazarene Fellowship Center where decorations were carried out in mint green and white and accented with white bells. The four-tiered wedding cake was encircled with huckleberry foliage and white daisies and topped with a miniature bride and bridegroom in a floral archway. Bouquets of lily of the valley and lighted tapers in three-branch candelabra also were on the table. The bride's table was centered with a miniature wedding cake supporting on a footed crystal cake stand which had belonged to her mother. Two branch crystal candelabra also graced the table.

Mrs. Robert H. Layman

Assistants were Mrs. Earl McWherter, Mrs. Roger Ward, Miss Carol Blair, Mrs. Berkley Huddle and Mrs. Donald McWherter. They wore mint green organdy aprons trimmed with white lace and accented with sprigs of lily of the valley on the heart-shaped pockets. They were gifts from the bride.

—:—

WHEN THE COUPLE left on a wedding trip to Washington, D.C., and Williamsburg, Va., they were wearing matching suits of light blue and white dacron pincord. Mrs. Layman's accessories were in a pumpkin shade and white and she had a corsage of phalaenopsis orchids tied with ribbon in a pumpkin shade. They will be at home after June 4 at 329½ Blaine Ave.

Mrs. Layman was graduated from Sparta High School and the Marion Business College and is employed as a clerk in the service department of the City of Marion. Mr. Layman, a graduate of Harding High School, is employed in the engineering department of the City of Marion. He served three years with the U. S. Army.

Out of town guests at the wedding were from Marengo, Centerburg, Sparta, Fredericktown, Bucyrus, Delaware, Meeker, Mount Gilead, Columbus and Masury.

The rehearsal party was held at the home of Mrs. Beulah Jones, 224 Windsor St., with whom the bride had made her home. Miss Addison's gift to her attendant was rhinestone scatter pins and Mr. Layman gave his best man and ushers cuff links and tie bars.

Lodge Activities

One candidate, Mrs. Norma Collins, was initiated in an informal ceremony, at the regular meeting of Whitney Lodge 846, Ladies Auxiliary to the Brotherhood of Railroad Trainmen, Wednesday night in the Central Labor Union hall.

Memorial services have been planned for the next meeting with Mrs. Julia Gandert and Mrs. Betty Smith in charge of flowers.

Birthday anniversary celebrants were honored following the meeting. The committee in charge was composed of Mrs. Bette Miner, Mrs. Ruby Clark, Miss Dorothy Birsch and Miss Doris Augenstein.

Mrs. Iona Clark won the attendance award and Mrs. Edith Sheehe received the mystery prize.

—:—

Election of officers will be held by the auxiliary to Bird-McGinnis Post 162, American Legion, Monday night. A slate of officers listed by the nominating committee was printed by mistake as the elected slate in a report of the last meeting.

While at Purdue, he also was honored with membership in the national scientific honorary societies Tau Beta Pi, Eta Kappa Nu and Sigma Xi.

Mr. Kemmerly, his wife, the former June Dietsch, who also is formerly of Marion, and their five children will move to Flint, Mich., where he will be employed as a senior development engineer at the AC Spark Plug Division of General Motors Corp.

He is the son of Mrs. Evon Kemmerly who lives along with his sister, Mrs. Edward J. Schertzer, at 333 W. Columbia St.

Mr. Kemmerly was graduated from Harding High School in 1942 and later received his baccalaureate degree from the Catholic University of America, from which he graduated "with highest distinction" in 1950. He then was awarded the Industrial Research Fellowship at the University of Denver and two years later received the master of science degree from that institution.

While in Denver, he also was employed as an electronics engineer by the Denver Research Institute and was an instructor in the department of electrical engineering. He then went to Purdue in 1953.

A Marion college student, Miss Regina Yando, daughter of Mr. and Mrs. Tom Yando of 1311 Indiana Ave., has been awarded a half-tuition scholarship by the College of St. Mary of the Springs at Columbus where she will be a senior next school term. She is the first recipient of the Thomas Boulger scholarship which was established this year in honor of a benefactor of the college. It is designated for "a deserving student in her senior year" and Miss Yando was chosen by members of the school's administration because of her "scholastic attainments and outstanding school spirit." She was graduated from Caledonia High School in 1955 and was an honor student there.

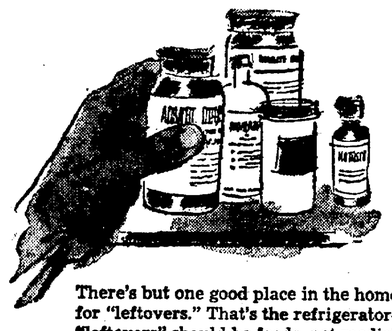
MEDICINE CHEST "LEFTOVERS"



There's but one good place in the home for "leftovers." That's the refrigerator—and the "leftovers" should be foods, not medicines.
Medicine chest "leftovers" are risky at best, and often downright dangerous. The medicine your physician prescribed a year or so ago was intended to be used then, not now. Avoid serious danger—dump old medicine at once.
Each illness requires scientific diagnosis — and, usually, specialized medicine is indicated.

Handicapped Student Wins Highest Honor

CLEVELAND (AP)—Arnold I. Arnold, a crippled Jewish student who gets around in a wheelchair at a Jesuit school, will be graduated with the highest honors from John Carroll University Monday.

The 21-year-old youth plans to go on to Western Reserve University to study law.

Because of a congenital muscular atrophy, Arnold needs aid to get around. He has a motorzied wheelchair, a special desk, an electronic telephone and an electric typewriter.

His parents, Mr. and Mrs. Herman Arnold of suburban South Euclid, also have provided him with an hydraulic lift that picks him out of a chair and puts him into an automobile.

His mother drives him to and from school. There, students always can be found to put him into a wheelchair and wheel him from one classroom to another.

Although he is one of the few Jewish students at John Carroll, he says he has found himself completely at ease at the school. He belongs to the Hillel club, the only Jewish organization in a Jesuit school in this country.

Reports Deficit

CLEVELAND (AP) — System-wide passenger service of six railroads serving Northeast Ohio lost 175 million dollars last year, according to W. T. Alexander Jr., New York Central System general manager. He told Railroad Community Committee members Monday this deficit ate up 43 per cent of the $394,272,000 freight income of the same railroads.

SAILOR SAVES GIRL'S LIFE. Kathy Lynne Reeves, 3, of Memphis, Tenn., had a very special reward for Navy electronicsman Charles L. Hamilton for saving her life. The little girl suffered a severe cut on her arm while playing and Mr. Hamilton applied pressure to halt the bleeding during a 16-mile trip to the hospital. Doctors said the child would have lost her life had it not been for Mr. Hamilton's quick thinking. (UPI Telephoto)

Service Station Bought By Robert, Paul Young

Robert and Paul Young, who have just completed celebrating their 10th anniversary in the service station business, have purchased the Shell Oil Co. service station at 305 N. Main St.

Plans for remodeling and improvement of the present structure will provide for 24-hour auto service, as well as groceries, hardware, notions, patent medicines, hunting and fishing supplies and automotive parts.

The Young brothers announce there also will be modern restrooms at the rear of the building and a rotating pedestal sign in front.

Alarm Stolen

CLEVELAND (AP) — The Alert Alarm Co., Monday night reported the theft of one of its audible burglar alarms from a mounting on the side of the Midtown Food House here, police said. No attempt was made to enter the building.

Miss Armstrong Becomes Bride of James Atkinson

When Miss Dixie Dee Armstrong, daughter of Mr. and Mrs. Gerald L. Armstrong of 186 Stark Ct., became the bride of James Leland Atkinson Sunday the ceremony was performed in First EUB Church at 2:30 p.m. by the pastor, the Rev. John C. Searle Jr. The custom of open church was observed. Mother of the bridegroom is Mrs. Henry Greer of 773 Bellefontaine Ave.

Music was by Mrs. B. K. Hill Jr., organist and vocalist was Robert Atkinson, a brother of the bridegroom.

Spring flowers and palms decorated the sanctuary.

Given in marriage by her father, the bride was attired in a gown of white embroidered taffeta with which she wore a veil of embroidered illusion trimmed with seed pearls. Her flowers, carried on a white Bible, were pink and white carnations tied with pink and white satin ribbon.

Miss Etta Maedale Armstrong, sister of the bride, was maid of honor. Her pink embroidered taffeta dress was styled on the same lines as those of the bridal gown and she wore a pink feathered headpiece ornamented with seed pearls. Her bouquet was of pink and white carnations.

Bridesmaid was Miss Sally Larimer whose dress was of pink embroidered taffeta. She wore also a pink feathered headpiece and carried pink and white carnations.

Cousins of the bride serving as ring bearer and flower girl, were respectively, Leslie Armstrong and Susan Prettyman of Tecumseh, Mich., whose dress was a replica of the bride's gown.

Chosen as best man was Jerry Lee Garver and ushers were George Atkinson, brother of the bridegroom, and Otis Bishop and Garry James.

For her daughter's wedding, Mrs. Armstrong chose a dress of gray lace over pink satin with which she combined white accessories. Her flowers were white carnations tied with pink ribbon.

Costume of the bridegroom's mother was a dress of pink lace and she wore white carnations tied with pink ribbon.

Place of the reception was the church social room which was decorated with roses and pink and white carnations. Serving at the table were aunts of the bride, Mrs. A. Lee Prettyman of Tecumseh, Mich., and Mrs. Emerson Armstrong of Mount Gilead, and a friend, Miss Jean Seale.

Mrs. James L. Atkinson

As her traveling costume when the couple left for New York and Niagara Falls the bride chose a dress of beige in a spring print with matching accessories.

Graduated from Harding High School last year, she is employed as manager for the Tastee-Freez on S. Main St. and her husband, also graduated from Harding High School last year, is assistant manager at the Isaly Dairy Co. store on S. Main St. They will be at home after June 10 at the Brush Ridge Trailer Court.

Out-of-town guests at the wedding were Mr. and Mrs. H. L. Prettyman and family of Tecumseh, Mich.; Mrs. Orrison Turner of Miami, Fla., grandmother of the bride; Mr. and Mrs. Guy Prettyman, Mrs. Frances Rosette and Mr. and Mrs. Kenneth Smith of Richwood; Mr. and Mrs. Emerson Armstrong of Mount Gilead, Mr. and Mrs. Joy Armstrong of Cardington and Edward Miller of Spencerville.

Dinner Scheduled By Manufacturers

Final plans for the annual dinner meeting of the Manufacturer's Council of the Marion Chamber of Commerce were discussed at the group's regular meeting Monday noon at Hotel Harding.

The dinner meeting is scheduled for next Tuesday at 6 p.m. at the Marion Country Club.

Civic affairs also were discussed and members of the council expressed a hope that City Council will take any necessary action to decrease downtown traffic congestion as quickly as possible.

H. J. Grigsby, chairman of the national affairs subcommittee, submitted a report on the possibilities of federal tax reductions and the effect it would have as part of a general reduction needed in manufacturing costs.

Reports by various members were that production at most local plants is neither increasing nor decreasing at the present time. But some plants reported they actually have stepped up production in the last few days and are now working at near capacity production.

There also was an announcement that the Mansfield Industrial Managers Fire Safety Seminar will be held in the Mansfield Leland Hotel on June 5.

World Not to Blame

CLEVELAND (AP) — Bishop John K. Mussio of the Catholic Diocese of Steubenville told 47 graduates of Notre Dame College here Monday night the "poor old world, which can't talk back," has been made the scapegoat for mankind's sins.

"This is the way of the cowardly person," he said. "We must realize that we all are a part of our time and citizens of the world."

Tax Agent Dies

CINCINNATI (AP)—An income tax agent died Monday of a heart attack shortly after he had helped break up a scuffle involving an irate taxpayer.

The agent, Robert J. Maurer, 43, collapsed in a hallway of the Federal Building.

Just before that, Maurer and other agents had subdued Odell Black, 33, who was arrested and charged with interfering with a government official in the performance of his duties.

Ex-Galionite's Wife's Death Being Probed

Mrs. John Metheany Found Dead in Fire; Head Had Been Cut

GALION — Investigation is continuing in the death of Mrs. Idamae Schulze Metheany, 33-year-old wife of John A. Metheany, 36, prominent Phoenix, Ariz., attorney, and former Galion resident. Mrs. Metheany, an heiress of a wealthy Chicago family, died in a fire at the Metheany home in Phoenix early Friday morning.

She was the daughter of Paul Schulze Jr., executive committee chairman of the Schulze & Burch Biscuit Co. of Chicago, and a granddaughter of the late Paul Schulze Sr., art patron and founder of the baking company.

Mrs. Metheany who is survived by her husband, three sons, Jack, 10, Jeffrey, 7, and Jerry, 5, and her parents, was found by her husband on a blazing couch in den on the first floor at their home at 3 a.m. She had been writing letters before lying down on the couch. She was found fully clothed when her husband went to investigate. He was hospitalized from severe burns of the arms and face which he suffered trying to get his wife out of the room.

Mr. Metheany's mother is Mrs. Naomi Metheany, widow of Aldon M. Metheany, former Galion insurance broker.

An autopsy disclosed that there were two cuts on Mrs. Metheany's head. Authorities are endeavoring to find out if they were due to death struggles, rescue efforts or removal of the body.

Reports stated that Mrs. Metheany had ordered the couch she was found on cleaned last Monday by an hourly-paid maid. Not satisfied with the job, she ordered it cleaned again Wednesday by another maid. Family members were unable to supply the names of the maids to authorities, and officers were seeking to locate them to determine what cleaning fluids had been used, since the heat was so intense.

Mrs. Metheany's husband, John, was graduated from Galion High School in 1942. He attended Ohio State University, and was graduated from Northwestern University Law school at Evanston, Ill., where he met his wife. They were married June 27, 1947, while he was still in school.

Several Roads Added To Program of County

The county commissioners Monday approved requests from the Montgomery and Grand Township trustees for addition of some 3⅜ miles of township roads to the 1958 drag treatment program.

Montgomery Township trustees requested improvements to a one-mile section of Hoagland Rd. (17-B), 1½ miles of Dry Lane Rd. (28-D) and a section of Meeker streets owned by the township. Estimated cost of the improvements is $6,629.

In Grand Township, trustees requested improvements to a one-half mile section of Township Rd. 27-C and one-half mile of 27-B at an estimated cost of $2,694.

Secretary of State Ted W. Brown reported today that a corporation charter has been issued to Marco Investment, Inc., of Marion. Listed as the incorporators are Donald J. Yoder, E. Stewart Norris and Daniel L. LaMarche Jr.

Speaking for the group this Morning Mr. Norris said it is a private organization with a stock issue of 250 shares no par common.

Union County Boys Steal Car, Caught in Kentucky; One Shot

DELAWARE — Four youths who stole a truck in Plain City, drove it to Delaware, abandoned it and stole an auto here were captured in Pikeville, Ky., Monday, local state patrolmen reported. One of the boys was shot by a Kentucky state trooper.

The boy, 15, apparently was struck by a ricocheting bullet, according to Sgt. Boyd Kiser of Pikeville, as he and his three companions tried to run down the patrolman at a roadblock Monday night.

According to local patrolmen the boys began their escapade late Sunday night in Plain City when they stole the truck. They abandoned it near Delaware on Rt. 37 after they had allegedly stolen gasoline for it on a farm near Radnor.

They then apparently stole the 1957 model car at Delaware and proceeded south into Kentucky. A highway patrol roadblock was set up at Pikeville and the boys allegedly tried to run down the patrolman. The roadblock was set up after the four had driven away from a service station nearby without paying for gasoline.

After running the roadblock the four tried to abandon the car and flee, but were picked up, The Associated Press reported.

The boy who was shot is in fair condition at the Pikeville Hospital, according to The Associated Press.

The four have been charged with attempted assault with a motor vehicle and interstate transportation of a stolen car. In addition, the patrolmen here were told, the Union County sheriff's office will file charge of truck theft against three of the youths and gasoline theft charges against two of the boys. The boy who was shot will not face the local charges, patrolmen said.

Reds Get First Look at Coliseum Left Field Fence

Joe Nuxhall Pitches, Bats Mates to Win Over Pirates

LOS ANGELES (AP)—The Cincinnati Redlegs get their first crack at the Coliseum's controversial left field fence tonight but Manager Birdie Tebbetts has already turned on the caution light.

The Redlegs are here on their first West Coast trip for a three-game series with the Los Angeles Dodgers.

Asked if his boys would be hitting for the fence, Tebbetts said, "No, I just want 'em to hit regular."

'Four Stories' High

The 42-foot screen is "practically four stories," said Tebbetts. "That fence might be good for .250 hitters but it won't help the power hitters, unless they get the ball high in the air.

"You might never have enough runs in that park to be sure of winning—if it's like they say it is."

Enough runs is what the Redlegs had Monday, all right. They beat the Pittsburgh Pirates 8-2 in a game at Cincinnati which had a couple of surprises.

In the first place, it landed the Redlegs in fourth place in the National League by a slim margin.

The contest also saw Joe Nuxhall recapture his 1956 form in a stunning display of pitching and offensive play.

Nuxhall Stars at Plate

Nuxhall shut out the Pirates for eight innings. He struckout eight and allowed seven hits. He also got three hits, drove in two runs, scored two himself and stole a base.

Three Pittsburgh errors helped Nuxhall's cause.

The Redlegs started right off on loser Bob Smith in the first inning. With two out, Pete Whisenant walked and scored on a double by Steve Bilko. Bob Skinner dropped a liner off the bat of Smoky Burgess, enabling Bilko to come home.

The Cincinnatians made it 4-0 in the fourth inning. Alex Grammas walked and Nuxhall pushed him around to score with a double. Nuxhall scored on an error by Bill Mazeroski.

Don Hoak homered in the fifth, scoring Burgess who had walked. Nuxhall collected his third hit off Bob Porterfield, scoring on Johnny Temple's triple.

The Redlegs added a run in the seventh. Gus Bell singled and moved to third on a sacrifice and a passed ball. He scored when Roberto Clemente dropped Nuxhall's fly ball.

Singles by Skinner and Ted Kluszewski set up the Pirates' two tallies in the ninth. Frank Thomas doubled them home.

Jets Register Decision Over Montreal 4-3

By The Associated Press

The story in the International League is still the torrid hitting of the Toronto Maple Leaf's Rocky Nelson.

Nelson, who has torn the league apart with his batting the past two weeks, did it again Monday as his bases-loaded triple helped Toronto to a four-run fourth inning and an eventual victory over Richmond 6-3.

Other IL games found Columbus edging first-place Montreal 4-3, Buffalo knocking off Miami 3-1 and Rochester defeating Havana 4-3.

Tony Bartirome's first home run of the season gave Columbus its victory, breaking a 3-3 tie in the eighth. Columbus blew a 3-0 lead as Dick Teed cracked a three-run homer in the seventh. Right-hander George Witt was the winner, striking out 11. He had a one-hitter until the seventh.

Emil Panko hit his fifth homer for the Jets, who handed Montreal its fourth defeat in the last five games.

Berra Stops Aparicio's String of Base Stealing

NEW YORK (AP)—It looks like Yogi Berra is the only catcher Luis Aparicio, the Chicago White Sox' speedy shortstop, can't steal against.

Aparicio had pulled off 26 steals on 26 tries until the New York Yankee backstop nailed him in the third inning of Monday night's 3-0 victory over the White Sox. It was the first time Aparicio had been caught since last July 25—when Yogi pegged him out.

Celtics Sign Smith

BOSTON (AP) — The ace rebounder of the College of Steubenville, Ohio, basketball team, Jim Smith, has signed with the Boston Celtics of the National Basketball Assn.

WHOOPING IT UP. Celebrating in the dressing room after a 3-0 win over the Chicago White Sox Monday are three members of the New York Yankee team. They are (left to right) Mickey Mantle, who slammed a homer; Whitey Ford, who hurled the shutout, and Hank Bauer, who cracked two home runs. Ford equaled a league record when he struck out six straight hitters. (UPI Telephoto)

10 Americans Still in British Amateur Field

ST. ANDREWS, Scotland (AP)—With a few exceptions, Americans still in the running for the British Amateur golf championship are a vintage group.

Not middle-aged, perhaps, but far enough along in years to remember the Coolidge and maybe the Harding administration without much strain.

There were 10 Yankee survivors for today's second round over St. Andrew's Old Course. In the words of one of them, 42-year-old Jimmy McHale of Philadelphia, "We have a bunch of old bucks carrying the flag this time."

This is in marked contrast to recent tournaments, when the Americans sent over a bunch of boys just out of college, strong as bulls and with the putting boldness of bucaneers.

Only Tim Holland, 27, of Rockville Centre, N. Y., and U. S. Air Force Pvt. John B. Franek, 23, Newton, N. J., fit that pattern this time.

Holland, with a first round bye, gets into action for the first time today. With 43-year-old Harold Ridgley, last year's runner up, knocked out, Holland looks more like Uncle Sam's best bet to take the cup.

Ridgley, of Haverford, Pa., lost to 17-year-old South African Bobby Verway.

Other Americans still in the field early this morning were Gene Andrews, Pacific Palisades, Calif.; Peter Grant, Phoenix, Ariz.; John Penrose, Miami Beach; Frank Strafaci, Miami Beach; Robert Roos, San Francisco; Luis Du Long, Hyannis Port, Mass., and Brig. Gen. Keith Compton, St. Joseph, Mo.

World's 440-Yard Sprint Record Forecast for Mills

CLEVELAND (AP) — If his high school coach has it figured right, there could be a world 440-yard dash record ahead of Dave Mills, who set the national scholastic record of 46.6 seconds May 24.

"That stride of about seven feet is really something to watch," said Carl Antel, who has coached Mills at suburban Lakewood High School the last three seasons.

"Dave had a couple of faults when he came here," Antel said. "He had an extreme back body lean, and he still doesn't have it straightened out 100 per cent. He's going to get better."

Mills, a 145-pound six-footer who was 19 last April 21, agrees he should be able to improve his running style at Purdue University where he enrolls next fall.

He has one more meet as a high school runner—the Lake Erie District AAU competition Saturday at Baldwin-Wallace College.

Polite and modest, Mills himself would be the last person to sound off about the possibility his name might some day go into the world track record books beside those of two other one-time Cleveland high speedsters—Jesse owens and Harrison Dillard.

Mills hasn't been a Clevelander long. He came here with his family from Galt, Ont., four years ago.

Dave first got interested in track as a ninth-grader at John Marshall High School. Last year as a Lakewood junior, he was one of the standouts at the state high school meet. And 10 days ago in Columbus, he became the second athlete in Ohio history to take a triple sprint crown in the state scholastic meet.

He won the 100 in 9.7 seconds—only one-tenth of a second off Owens' record of two decades ago. He ripped off the 220 in 21.2. And in the 440 he bettered by one-tenth of a second the national mark set by Jerry White of Corcoran, Calif., last year.

"Personally, I think his time was faster than that," Antel said.

Three of the six timers clocked Mills at 46.5 and the other three had him at 46.5 plus, so the official time went on the books as 46.6 seconds.

Stadium Vote Set Today at Los Angeles

By The Associated Press

The folks in Los Angeles went to the polls today to decide whether the City Council made a fair deal with Dodger owner Walter O'Malley. If yes, things look good for O'Malley in his pursuit of a legitimate ball yard in the Chavez Ravine. If no, then the Dodgers don't have land for a park and National League President Warren Giles has to decide whether to go through with his threat to hoist the Dodgers out of Los Angeles.

Meanwhile, back at the pennant race, the Dodgers were far back. Ten games, to be exact, but they got a big boost in morale—and ballot box hopes—when some 7,500 fans showed up to welcome them back from an 8-9 swing through the East.

Tonight in Los Angeles, the Cincinnati Redlegs make their first appearance in the Coliseum. At San Francisco, the first place Giants put their one-game lead on the line in the first West Coast appearance of the season by the world champion Milwaukee Braves.

Only one game was scheduled in the NL Monday, and the Redlegs took it 8-2 from Pittsburgh.

In the American League, the New York Yankees took a seven-game lead on Whitey Ford's 3-0 victory over the Chicago White Sox, and Washington beat Baltimore 2-1 in 10 innings in the only games scheduled.

Moran, Geiger Benched

Veterans To Take Over for Indians

BOSTON (AP)—Manager Bobby Bragan is through experimenting with the Cleveland infield and will rely on the old pros from now on.

Bragan and General Manager Frank Lane agreed before the Indians left Kansas City, where the Tribe lost three of four games, that youngsters Billy Moran and Gary Geiger would be relegated to utility roles.

"Geiger and Moran are both fine prospects," Lane said, "but it's questionable whether they are ready for major league competition. They may be in over their heads."

Costly Errors Made

Moran at second base and Geiger, who was given a try at third, made costly errors in the series at Kansas City.

Bragan said his infield for the opener of a three-game series against the Red Sox here tonight will consist of Mickey Vernon at first base, Bob Avila at second, Billy Harrell at shortstop and Chico Carrasquel at third. Harrell is the only youngster in the quartet. Veteran Preston Ward is available to relieve Vernon or Carrasquel.

Jim (Mudcat) Grant, the Indians' 22-year-old rookie right-hander, will be on the mound, with Tom Brewer opposing him. Grant, seeking his fifth victory in seven decisions, has been knocked out in four innings or less in his last two starts.

Tomanek Bypassed

Bragan said he had planned to start southpaw Dick Tomanek in the series opener here, but explained he changed his mind after seeing the left field wall at Fenway Park.

Ray Narleski is slated to pitch Wednesday and Gary Bell, a 21-year-old right-hander called up from San Diego last week, will start in the series finale Thursday. Bell pitched three innings in relief against Kansas City Sunday in his first major league performance and struck out six batters.

Tigers Facing Incentive Pay Investigation

DETROIT (AP) — The Detroit Tiger incentive pay squabble moved quickly into the hush-hush stage today but Baseball Commissioner Ford Frick promised to investigate the situation.

It appeared unlikely Frick will uncover anything though since Detroit Gen. Mgr. John McHale and the Tiger players involved say they have made no side deals that would mean more pay for top performances.

Only Monday two of the Tiger outfielders, youngster Al Kaline and veteran Charlie Maxwell, said they had such agreements with McHale. Both explained them fully.

Maxwell had told a newsman in Florida during spring training that he would realize an extra $2,000 if he hit 25 home runs or batted in 100 runs, and if the Tigers finished second or better.

Kaline said he missed out on a $3,000 bonus because his batting average was not up to the .300 mark by June 1. He was hitting some 40 points below that mark at the deadline.

Incentive pay deals whether written or verbal are in violation of baseball rules. The commissioner said he found nothing written in the Kaline and Maxwell contracts but added he would look further into the possibility of "gentlemen's agreements."

Cyclists in Activity Run

The Triangle Motorcycle Club held an activity run for members Thursday night, with first place won by Mr. and Mrs. Glen McKnight. Mr. and Mrs. Robert Leighty were second, while Corea Tubbs came in third.

Club members assisted the Kiwanis Club in its holiday weekend safety program.

Second Among Grade Schools

Marion Catholic Track Team Third in Diocese

Marion Catholic High School's track team nailed a third place finish in the annual Columbus Diocese track and field meet held this year at Capital University in Columbus.

The St. Mary grade school team finished second in its division.

—:—

TED ANDERSON and Greg Axe led Coach Max Ross' high school charges to their third-place ranking. Anderson grabbed off two first place ribbons, running the 220-yard dash in a record time of 22.9 and taking the 100-yard dash in 10.6. He also captured a fourth place in the discus and was anchor man on the Marion Catholic half mile relay team which captured its event. Other team members were Joe Krigbaum, Duane Isom and Dave Kelly.

Axe established two new meet records, completing the mile run in 4:46.8 and running the half mile 2:12.1. All three of the former records were held by ex-St. Mary athletes. Keith Howman held the mile and 880 marks while Jim Ballenger was holder of the 220-title.

Other Marion Catholic point winners were: Tom Moloney, fourth in the broad jump; Brian Kavanaugh, third in the shot put; Kavanaugh, second in the discus; Dave Kelly, third in the 100-yard dash; Bill Ring, fifth in the 440; Kelly, fourth in the 220, and the mile relay team which nailed third.

—:—

NEW LEXINGTON St. Aloysius won the crown with a total of 82 points. Columbus Rosary scored 56½ for second place followed by the Marion entry with 51. Columbus St. Charles finished with 19½. Zanesville Rosecrans had 7. Columbus St. Mary 6 and Coshocton Sacred Heart 2.

Columbus St. Dominic's rolled up 49 points to take the grade school division with Marion St. Mary recording 23 for second place. Finishing behind the local team were: Columbus St. Peter's, 20; Columbus St. Thomas, 11; New Richmond and Holy Rosary, 9; and New Lexington St. Rose and Fairborn, 6.

John Head was the top scorer for the Marion Irish. He won the 440-yard dash in a 60.6 clocking and took the 220 in 26.5. He also finished in a tie with Fran Voll for third in the high jump and was a member of the Marion 440-yard relay team which took fourth. Other members of that team were John Gunder, Voll, and Ken Barzacchini.

The Marion entry picked up points in two other events with Barzacchini placing third in the shot put and Voll finishing fifth in the half mile run.

Clark Metal, Alloy Nines Notch Wins In Pony Loop Play

In a pair of Pony League baseball games played Monday night on the Lincoln Park diamond, Clark Metal took a 6-5 win from G&G Homes and Alloy outlasted VFW 2-1.

Clark Metal got six runs on four hits en route to victory over the G&G crew. McGraw went the distance on the rubber for Clark and got credit for the win. He set an even dozen G&G stickmen down swinging.

Gilbert was on the mound for the losing nine, going the route in defeat. He was credited with a trio of strikeouts. G&G got five runs on eight safeties.

Both teams tallied twice in the initial frame, but Clark got to Gilbert for four runs in the third to pile up a 6-2 lead.

G&G, held scoreless in the second, third and fourth frames by McGraw's steady pitching, reached him for one run in the fifth and a pair in the sixth before he could put out the fire and save his victory.

LaSeta, Metal shortstop, got two hits and scored two runs. Top stickmen for the G&G'ers was Gilbert, who rapped three safeties.

Alloy scored two runs on one hit to turn back a win-conscious VFW nine. The latter banged a trio of safe blows but could stretch them into but one run.

Alloy sent Cudd to the hill to go the distance and register the win. Sims was tagged with the VFW loss.

Dick Merchant got Alloy's lone hit and he and Warner accounted for both runs. Sims, Kauble and Paulus all hit safely for the losing cause, with Sims also credited with the only VFW run scored.

Pair of Longshots Nails Racing Wins

LEBANON, Ohio (AP) — Two long shots upset the odds Monday night at the Lebanon Raceway trotting meet.

In the seventh race, Janie's Carter, driven by J. Eades, went off at 25 to . and came home first to pay $57.60, $23.60 and $12.60.

R. Farrington drove Hazel Vall, an 18-1 shot, to win in the third race, to pay $36.30, $12 and $4.40.

The daily double paid $131.60. Huntington, driven by Farrington, won the first race, and Lotta Shief, with R. Krieder driving, took the second.

Loes Handed Six Days' Suspension in Outburst

BALTIMORE (AP) — Temperamental Billy Loes, Baltimore Orioles pitcher, has six days—without pay—to cool off from his display of temper in Sunday's game with Washington.

Oriole Manager Paul Richards fined Loes $100 and suspended him three days Monday. American League President Will Harridge issued a $100 fine and three-day suspension of his own.

Young Golfers Steal Show In Qualifier for U.S. Open

By The Associated Press

The U. S. Open Golf Championship is no kiddie car tournament, but four youngsters who bear watching will tee off with some of the deadliest sharpshooters in the game when the event opens at Tulsa June 12.

None of the four has much of a chance of winning this year. All lack tournament experience. But in years to come they could become the new Sam Sneads and Ben Hogans.

Here they are:

OSU Freshman Wins

Jack Nichlaus, an 18-year-old freshman at Ohio State, led the qualifiers at Cincinnati by firing a 66-70 — 136 over two courses Monday.

Deane Beman, a 20-year-old swinger from Bethesda, Md., fired a 75-71—146 to tie John O'Donnell for the top spot among the Baltimore qualifiers. A sophomore at the University of Maryland, he already has played in two Opens and last year's National Amateur.

Gene Francis, also 20, had a 73-69—152 to deadlock professional Bernie Riviere for the No. 1 position at Glen Cove, N. Y. Francis is the star of the Purdue University team.

Jim Tom Blair III, who led the qualifiers at Kansas City with a 72-69—141, carries an illustrious name into the tournament. He is the son of Gov. James Blair of Missouri.

In addition to the four amateurs, a young professional, Bobby Goetz, posted the lowest score of the nation's qualifiers with a 67-67—134 at Tulsa. Goetz, captain of the Oklahoma State U. golf taem last year, turned pro only a few months ago.

They were the best of the new prospects among the 144 golfers who qualified at 28 sites around the country. Seventeen players were exempt from qualifying and one, Ted Makalena, qualified at Honolulu last week.

Nicklaus Tops Ohio's Entries

By The Associated Press

An 18-year-old Ohio State University freshman, Jack Nicklaus, leads Ohio's 11 qualifiers into the National Open Golf Tournament June 12-14 at Tulsa, Okla.

Nicklaus, from the Columbus suburb of Upper Arlington toured two Cincinnati courses under par Monday. He turned in a 66 on Maketewah Country Club's 6,657-yard course and a 70 at Clovernook Club's 6,514-yard layout for a 136. Both are 72 par.

Nine pros and one other amateur joined the ex-high school star.

The other amateur is Mark McCormack, 27-year-old attorney who recently joined Oakwood Country Club in Cleveland. He qualified there with a 148 on the 72 par, 6,700-yard course.

McCormack's 148 was tied by the three other qualifiers at Cleveland—Bob Toski of South Miami, Fla., the country's leading money pro at Fremont Country Club, and George Bigham, assistant pro at Oakwood.

At Cincinnati, Nicklaus was joined by Pat Schwab of Dayton (138), Jouett Brown of Cincinnati (140), Joe Campbell of Fountain City, Tenn. (141), Frank Stranahan of Toledo (143) and Sam Drake of Richmond, Ind., and Tom Ritter of Wyoming, Ohio (both 144).

Bill Campbell of Huntington, W. Va., a Walker Cupper, qualified as an alternate at Cincinnati with a 72-72—144, and Dave Ogelvie Jr. of Cleveland had 74-76—150 to become an alternate for that area.

Trading Post Nine Splits Two Games

Mac's Trading Post of the Commercial Softball League, broke even in a pair of weekend non-league encounters. The Trading Post nine clipped the Ohio Penitentiary Hurricanes 7-6 in a Saturday game and fell before Fostoria of the Ohio Big 8 League here Sunday night in a 5-4 battle.

The local nine pounded out 11 hits to outlast the Hurricanes. Saturday Dean Schriederer was on the mound for the locals and was opposed by Rutledge and Russell. Dick Roseberry, Jim Seiter, and Harbolt and Schriederer all chipped in with two hits each. The winners pushed over two runs in the first, third and sixth and added one in the seventh.

Fostoria gained revenge for an earlier defeat at the hands of Mac's in its Sunday triumph. The winning pitcher was Keller with Bill Trimmer charged with the loss. A three-run fourth inning gave Fostoria a 5-1 edge but Keller managed to escape as the Trading Post came storming back to score one on a pair of singles and then Matt Rock slammed out a two-run homer.

The Trading Post will play host to Falter's Packers of Columbus in a doubleheader Saturday at Garfield Park. Game time is 6:30 p.m.

Fights Last Night

New York—Eddie Lynch, 148½, New York, outpointed Jimmy Archer, 150, New York, 10.

Yesterday's STARS

Hitting—Joe Nuxhall, Redlegs, rapped three hits in three trips, one a double, drove in two runs and scored twice in 8-2 victory over Pirates, who didn't get a run off the veteran southpaw until the ninth.

Pitching — Whitey Ford, Yankees, struck out 10, tying American League record with six consecutive strikeouts, and beat the White Sox 3-0 with a seven-hitter.

Farm League's Tryouts Planned Here Saturday

Farm League tryouts will be held Saturday at Scott Field by the Marion Baseball for Boys Commission. Any boy in the city aged 9, 10 or 11 who did not make a Little League team is invited to attend.

The session is scheduled for 9 a.m., a commission spokesman reported today. A call also was issued for adult help to supervise the farm league action. Any person willing to lend a hand is asked to telephone Rudy Metzger at 3-2633.

Marseilles Nine Wins

Marseilles' softball nine pounded out a 4-2 win over Marion Engineer Depot Sunday at the Depot diamond. Bob Strohm was the winning pitcher while Mories was on the hill for the losers. Rex Hankins cracked a homer for the winners while Don West smacked a double for the MED nine.

Independents Fall To Norwalk Team

Marion's Independents, a member of the Ohio Big 8 Fastball League, lost its fifth game in a row Sunday, falling to visiting Norwalk by a 10-4 count. Marion had four runs on nine hits and made three errors. Norwalk got 10 runs on 14 hits and bobbled twice.

Sherm McKinniss started for the locals, gave up six hits and five runs and was relieved by Sunny Taylor in the second. Taylor gave up the other five runs on eight hits and was yanked for Bud Thorpe in the seventh.

Frey pitched for Norwalk and got the victory.

Top hitters for Marion were Dick Gherman, with two singles; Fritz Walters, a home run and a single; and Don Johnson, a triple. Norwalk's Berry belted a double, triple and round-tripper.

Auto Front Quiet as UAW-American Motors Talks Resume

Big 3 Stand May Cripple Reuther Bid

Union Bargains for First Time Without Contract Precedent

DETROIT (AP) — The United Auto Workers, lacking contracts with the Big Three, sit down to bargain today with one of the car industry's two smaller independents, American Motors Corp.

The AMC negotiations, recessed in April, resumed on the heels of the failure of the union and Ford, Chrysler and General Motors to agree on new terms.

It was the first time Walter Reuther's union went to the bargaining table with a smaller auto company in the absence of a contract precedent set by the larger firms.

American Motors, which makes the Rambler car, employs about 20,000 persons in its Wisconsin and Michigan auto and appliance plants as compared with the half million workers of the Big Three. Studebaker-Packard is the other independent.

The aftermath of the unsuccessful Ford, General Motors and Chrysler negotiations was quiet.

Except for a between-shifts rally of an estimated 4,000 Ford workers Monday, there were no unusual incidents as Big Three employes spent their first working day without a UAW contract.

Carl Stellato, president of Ford Local 600, exhorted union members to "put in a fair day's work and behave yourself so Ford cannot lock us out."

There were a few cheers and a few boos.

Managements of Ford, Chrysler and General Motors all reported the first day's operations on the no-contract basis went smoothly. The UAW has sent out firm orders against strikes or any work interference.

Primaries

(Continued From Page 1)

Two candidates vied for the GOP nomination to oppose Mansfield. They were Mrs. Blanche Anderson, Helena widow, and Lou Welch, 31-year-old metal plant worker.

The Republican contest for governor was the main feature in South Dakota. Three candidates were in the running, Atty. Gen. Phil Saunders, Lt. Gov. Roy Houck and Atty. Charles Lacey. Ralph Herseth, a farmer, was unopposed for the Democratic nomination. Republican Gov. Joe Foss will run for a House seat in November.

Atty. Gen. John Patterson and Circuit Judge George Wallace were the opponents in Alabama's runoff primary. A major issue arose in the final days with charges that Patterson had the support of a Ku Klux Klan leader. Patterson acknowledged knowing Grand Dragon Robert Shelton, but said he was not aware of his relationship with the Klan.

Realtors Here Plan Housing Sale Program

The Marion Real Estate Board formulated plans Monday for pushing to the hilt a program designed to stimulate the sale of houses on the local market.

The campaign, known as "Buy a Home First," is sponsored by the National Association of Real Estate Boards which has 1,280 member boards. It will be conducted throughout the month of June.

A three-man committee in charge of the local promotion, announced plans for the first week of the campaign at the board's meeting Monday at the YMCA. Members of the committee are Wilson Jones, John Prichard and Howard Slack.

Aulton G. Cook, president of the board, said placards will be on display in all local real estate office windows and in lending institution office windows. He said the board also will stamp the slogan "Buy a Home First" on all outgoing mail.

The board will continue to promote the campaign throughout the month through advertising and possibly other programs such as open houses, Mr. Cook said.

Commenting on the program, Mr. Cook said the board feels that "the current home market is probably more favorable to the home buyer today than at any other time in recent history."

Sewers

(Continued From Page 1)

tee will call a special meeting "at the earliest possible time" to override the veto. The council may not vote to override a veto until 10 days after the mayor takes the action.

Mr. Lister said today that he is confident that "we have enough votes to override the veto."

A veto of the legislation would mean additional delay for an already long-delayed project to obtain suburban sewers for two housing developments, the new shopping center and the County Home.

Before sewers in District 1 may be connected to the city system, the city and county must sign the contract for collection and treatment of the sewage and operation and maintenance of the sewers. The contract also establishes rates to be paid by the suburban residents for the service.

Under the proposed contract, suburban sewer users would pay the city a surcharge of $16 a year, plus a sewer rental twice the amount of the sewer service charge paid by city residents, and a $100 tapping fee. The shopping center, the Royal Oaks subdivision and the Zachman-Vernon Acres subdivision were exempted from the tapping fee because of the expense to the developers of building trunk sewers large enough to serve other areas as well as their own.

U.S. Continues Navy Project On Vanguards

WASHINGTON (AP) — Despite four failures in five attempts, the Navy will continue trying to blast Vanguard satellites into orbit.

This is the blunt answer given at the Pentagon to inquiries as to why the Vanguard project isn't dropped in favor of more satellite launchings with the Army's Jupiter-C rocket combine.

The Defense Department says its reasons for sticking with Vanguards are that they are the best vehicles available — when they work—and that the country requires a greater return on the millions invested in the program.

The Navy, administering the Vanguard project for the U. S. contribution to the International Geophysical Year program, already has poured at least 110 million dollars into development and preliminary testing.

Six or seven additional Vanguards with fully instrumented satellite spheres, each costing about one million dollars, already have been made or are under construction.

'Around the World in 80 Days' Coming to Marion

Announcement that the motion picture "Around the World in 80 Days" has been obtained for a two-week engagement at the Palace Theater was made today by Warren McIntire, theater manager.

The film is a 35 millimeter edition of the original movie produced by the late Mike Todd which required special equipment for screening. Mr. McIntire said that the 35 millimeter edition will be shown on the Palace wide screen without installation of special equipment.

Showing of the movie is slated to begin Thursday, June 12.

SUSPICIOUS CRUISER

6 Permits Are Given Okay by Planning Unit

The Marion City Planning Commission Monday night approved six applications for permissive use of residential property and accepted a plat on E. Mark St. during its monthly meeting in council chambers.

Action on all petitions but one require consideration by City Council, Mrs. Alta Sheehe, commission clerk, said today. The petition on which final action was taken was that filed by Carl H. Walters of 409 Bellefontaine Ave., requesting approval for a rest home at that address.

Petitions which will be referred to council, those filing them and use requested are: Elton and Delma M. Kates, 251 Reed Ave., room for an office in connection with heating and plumbing business.

Sylvia Reisinger and James Mason, 656 E. Farming St., locating a trailer on a lot at that address; Leavata Scott Tyler and Mrs. Nellie Scott, 278 Waterloo St., side rooms of residence for beauty shop; Betty Hazlett, 282 Glad St., locating a trailer on a lot at the address, and Joseph Christian, 541 N. Milburn Ave., two rooms as grocery store.

The commission accepted the plat on E. Mark St. by Leslie E. Adams after study.

Another petition, submitted earlier by Gage Construction Corp. of E. Farming St., requesting permission for storing, parking and repairing truck equipment on two lots along the street, was not considered as it was withdrawn prior to the meeting.

injunction was obtained early in 1957.

The case drew international attention when the Army news service picked it up from Pfc. Perkins. Letters from all over the country lent moral support to Mrs. Perkins during the legal battle.

Outgrowths of the trial have been the formation of an Animal Protective Society in Hardin County and establishment of a county dog pound. Mr. Hattery resigned his post under fire after he was accused of selling sheep-killing dogs in another section of Ohio.

Attorneys for Mrs. Perkins in the appeal hearing were Charles Lease of Kenton and James Blair and Joseph Quatman of Lima.

Students Here Attend Last Full Day of School

Marion public school students attended their last full day of school for the current year today.

Although the summer vacation period does not officially begin until Friday, children will not report to class Wednesday. They will return Thursday to pick up grade cards.

Elementary youngsters will report to individual buildings at 12:45 p.m. and students at Harding, 1 p.m. Thursday.

Two-Day Air Fair Scheduled For Weekend

Marion Model Plane Group To Give Flying Program on Sunday

The Marion "Model Airs" model plane club will present a demonstration on general and stunt flying, racing, combat and balloon bursting as a feature of this year's seventh annual Air Fair, Thomas Rohrer, chairman announced today.

The Air Fair, sponsored by the Marion Junior Chamber of Commerce, is a two-day affair, with the model plane demonstration scheduled for Sunday afternoon.

The Marion model plane club has invited members of model plane clubs in Canton and Delaware to participate in the event. Roy Phillip, vice president of the Model Airs, will be in charge of this portion of the show.

Other officers of the local model plane club are: Thomas Indoe, president; LeRoy Frost, secretary, and Patrick Giles, treasurer. The club has a membership of 26.

Held at the Marion Municipal Airport, the Jaycees Air Fair commences Saturday, at noon, with penny-a-pound airplane rides until sundown.

Climaxing the day will be a dance in the airport hangar from 9 to 12 Saturday night. Dick Baker's Band from Galion will provide the music. Tickets are $1 per couple.

Sunday's breakfast flight will launch the second day of air activities and is expected to draw approximately 100 planes from all over Ohio and neighboring states.

The plane rides will be continued on Sunday from 11 a.m. until sundown. Approximately 15 minutes in length, the ride will take passengers over the city of Marion. A $1 minimum will be charged for the rides.

Also featured at the two-day event will be several displays of aircraft. The Air Fair, which is open to the public, is sponsored by the local Jaycees to draw attention and create interest in Marion's airport facilities.

Assisting Mr. Rohrer with arrangements are: William Bauer, concessions, breakfast and dance; Donald Hall, displays and entertainment; Dee Pierce, contests and prizes; Len Larson, airplane rides, and Troy Evans, publicity.

Accident

driven by Skinner swerved off the right side of the highway and smashed into a culvert.

The impact crushed part of the engine back into the front of the car, pinning Skinner in the front seat, patrolmen said.

Stevens was thrown out the right side of the vehicle and pinned underneath it. Both men were freed from the wreckage with the help of passing motorists. They were taken to General Hospital in a Schaffner-Denzer ambulance.

The car was demolished.

Bicyclist Injured

A bicyclist was injured in one of four traffic accidents investigated Monday by Marion police.

Otis Bishop Jr., 5, of 636 Universal Ave., suffered cuts to his right hand and mouth when his bike and a car collided at an alley intersection east of the 600 block on Universal Ave. at 12:55 p.m. The car was driven by A. F. Smith, 37, of 211 Hughes St. Otis was taken to a doctor's office for treatment of his injuries.

Cars driven by T. T. Everly, 18, of 295 Leader St. and H. F. White, 18, of 399 Mary St., were involved in an accident at E. Center and High streets at 2:20 p.m.

A collision at Park Blvd. and W. Columbia St. at 10:37 a.m. involved cars driven by Mrs. Robert Kennedy, 24, of 723 E. Mark St., and Mrs. W. F. Trumble, 34, of near Marion. Police arrested Mrs. Kennedy on a charge of failure to yield the right of way. She was traveling south on Park Blvd.

The only other accident in the city caused less than $100 total damage, police estimated.

Car Strikes Pole

One county accident was investigated by the sheriff's office Monday.

A car driven by John Fretz Jr., 16, of 651 Blaine Ave., while traveling west on County Rd. 169 southeast of Marion, went off the north side of the road, striking a telephone pole and fence. The accident, which occurred at 8:30 a.m., caused damage to the right front of the auto.

Says More Funds Needed

Mayor Speaks To Lions Club on City's Problems

Mayor Wendell L. Strong spoke on "Marion as I View It" at the Monday noon luncheon meeting of the Marion Lions Club held at Hotel Harding.

The mayor opened his talk by complimenting the club on its various service projects, particularly on its sight conservation activities.

He then discussed city problems, as broken down into seven specific areas: streets, sewers, airport, income tax, swimming pool, parks and the hospital.

—:—

THE GENERAL theme was that in order to accomplish all that is necessary in the various divisions, the city requires more funds.

However, he added, he did not think that a city income tax should be discussed until the local government can prove to the people it is spending every available dollar wisely.

Dwelling on sewers and streets at some length, he reviewed the progress made so far, and noted some needed revisions and expansions of plans.

The mayor said that some consideration has been given to a three-quarter mill levy to derive additional funds for street repair and building new streets.

There are certain inadequacies in the present sewer planning, he said, caused chiefly by the lack of enough money to cover all of the projects. He emphasized the importance of the sewer plan for the southeast section of the city, in addition to discussing the progress of relief sewer measures.

—:—

HE COMMENTED on the increased activity at the Municipal Airport and complimented the recreation committee for the excellent condition of the parks this yera.

In discussing the parks, Mayor Strong said the city needs a definite planned long-range program for city recreation, which would be provided for by a levy with no attached riders.

Summarinzing his administration to date, the mayor felt that work was moving satisfactorily, but, he added, the city is greatly handicapped by a lack of sufficient funds.

He added that changes are necessary, commenting on some that have already been made. The people, he commented, are often opposed to changes at first, but eventually become adjusted to new methods of operation.

A lively question and answer period followed the mayor's address. Questions centered chiefly on the street and traffic situation with reference to the city's railroad problem.

Introducing the mayor was Eugene White, program chairman.

—:—

AN INDUCTION service was conducted by Ray Semmler and James Lytle for four new club members: John Stuckey, James Weaver, Grady Barnes and Dr. Henry C. Blount.

The service included a review of the purposes of Lionism to promote community service and sight conservation.

It was announced during the business session that dates for erecting six Adirondack-type shelters at Camp Owens for club members had been set; and that teams for the work were being selected.

The Lions will lay the concrete slab foundations on June 14 and complete the shelter June 21; June 28 will be the "rain" date.

Announcement also was made that tickets for the club's charter night program June 17 at the Marion Country Club are available from the club's social committee.

A guest at the meeting was Fred Spath of Zurich, Switzerland, who is with Whirlpool International.

Piper was indicted by the grand jury last January on an auto theft charge and later was placed on probation for five years by Judge Paul D. Smith. He was arrested May 29 on a charge of contributing to the delinquency of a minor and was fined $100 and costs in Juvenile Court.

Bucyrus Man In Car-Truck Collision Dies

Glen Worden Fatally Injured in Accident On Crawford Rd. 13

BUCYRUS — Glen Worden, 29, of 324 Wallace Ave. in Bucyrus, died at 7 p.m. Monday in the Bucyrus Community Hospital from injuries suffered earlier in an auto accident on Crawford County Rd. 13, east of town.

Worden suffered a fractured skull, brain lacerations, and fractures of the upper and lower jaw in a car-truck mishap at 3 p.m. on the county road.

Sheriff Elwood Jacobs, whose deputies investigated the mishap, said the car driven by Worden collided with a lumber delivery truck operated by John Harris, 55, of 579 Prospect St., Bucyrus.

According to the sheriff's report, Harris told him he was eastbound on the county road. As he approached a slight grade he saw the oncoming Worden car. Harris said Worden apparently attempted to swerve out of his path and may have lost control of his car.

The Worden car hit the truck with such force that the former's rear wheels were knocked off and the truck upset. The car continued on, finally coming to a stop on the roadway.

Worden was pinned in the wreckage of his car and was subsequently taken to the hospital in a Munz ambulance from Bucyrus.

His body was later removed to Galion's Snyder Funeral Home.

Mr. Worden was born northwest of Galion April 16, 1929 to Ralph H. and Cleo M. Sherer Worden.

On Sept. 12, 1954 he was married to Mary Ann Rehm in Galion who survives. Other survivors are his parents, northwest of Galion; three sisters, Mrs. Howard Gledhill, near Galion, Joan and Judy Worden, both at home, and two brothers, Rodney Worden of Bucyrus and James Worden of near Galion.

A resident of Bucyrus the last three years, he was a tool grinder at Timken Roller Bearing Co. here for five years. He was a member of First Lutheran Church in Galion and the Men's Brotherhood of the congregation. He also held membership in the Bucyrus VFW post.

Mr. Worden was a veteran of the Korean War, serving in the armored division in Germany.

Funeral services will be held Thursday at 3 p.m. at First Lutheran Church in Galion with the Rev. James H. Fresh officiating. Burial will follow in Fairview Cemetery. Friends may call after 7 p.m. today at the Snyder Funeral Home.

Senators

(Continued From Page 1)

The two senators said they regard Menshikov's remarks as part of an over-all Soviet shift in emphasis from military toward economic competition with the United States.

Menshikov said on an unrehearsed radio broadcast Monday night that tensions between the East and West have reached a dangerous stage. He said his country would like to see them relaxed.

Menshikov said differences between ideologies and systems should not be considered as obstacles for establishing friendly relations. He suggested speeding up a proposed summit meeting.

The Hug firm bid $8,824 on the Reed Ave. improvement against an engineer's estimate of $8,786. Other bids were Wyandot Blacktop, $10,300, and Plumley, $9,523.

Hug also was apparent low bidder on the first alternate for the Underwood Ave. project. The firm bid $35.317 and Plumley bid $36,601 for surfacing with blacktop over concrete. George Scantland of 485 Roberts Ave. submitted an apparent low bid of $24,873 on the second alternate of surfacing with seven inches of concrete. Other bidders on the second alternate were Hug, $27,753, and Plumley, $29,228. The engineer's estimate on the project was $28,960.

No Agreement Reached In Marion Metal Talks

A strike of shop workers at the Marion Metal Products Co. continued today following failure of the company and union to reach agreement at a negotiating session Monday.

Harold Young, personnel director for the company, said that another negotiating session is scheduled for 10 a.m. Thursday with representatives of Local 1281, International Association of Machinists, and Irvin Gerard, federal conciliator from Columbus.

This marks the sixth week of a strike of some 200 employes at the Cheney Ave. plant. The union is striking over proposed wage rates and fringe benefits in a new contract.

Fahey, Mac's Take Wins in Little Leagues

In a pair of National Loop (Little League) baseball games played Monday night on the Scott Field diamond, Wilhelm and Schiff's ended up in a 6-6 tie, with the game called because of the curfew, while Fahey Bank slipped past the MPS nine, 4-3. In an American League encounter, Mac's trounced the Marion County Bank, 5-1.

The Wilhelm-Schiff tilt stood at 6-5 in favor of Wilhelm as Schiff's came to bat in the bottom of the sixth. Worthington's' double to right field with a man on knotted the count and necessitated the calling of the game.

Schiff's' sent Warwick to the mound to go the route. He fanned 12 Warwick batters and poled a double in his own behalf. Penix started on the hill for Wilhelm, gave way to Strauss who finished the game. He was credited with six strikeouts.

Wilhelm stickmen scored two runs in he first, two in the third and one each in the fourth and sixth. Schiff's shoved over four run in the opener, added single tallies in the second and sixth frames.

Fahey Bank turned back MPS by scoring four runs on five hits. MPS tallied three times on seven opportunities.

The victors, with Ellwood pitching flawless ball, waited out the first two innings, then scored twice in the third and twice in the fifth sessions. Ellwood held MPS stickmen in his grasp until the sixth when an uprising produced all three runs. Ellwood got the victory; Flesher was nicked for the MPS defeat. Both hurlers recorded eight strikeouts.

Reish and Bushatz both walloped triples for MPS in the sixth frame, while Flesher belted a two-bagger in the second.

In American loop action, Mac's Trading Post found the going tough until the sixth frame when it unloaded four runs to add to an earlier tally for a 5-1 victory.

Mac's got five runs off one hit and made no errors. Marion County Bank, scoring one run off one hit, bobbled the apple no less than 10 times. Carpenter was the winning pitcher, registering 13 strikeouts and one free pass; Taylor was charged with the loss, with 10 strikeouts and a trio of bases-on-balls chalked up in his behalf.

Mac's four runs in the sixth were aided and abetted by seven errors on the part of Marion County defensivemen.

COLUMBUS, Ohio (AP)—A Lima junior, Ted Storer, is captain of Ohio State University's 1959 track team. He is a member of the mile relay team which set a new university record (3:14) in this year's Ohio Relays. He was named captain at a team dinner Monday night.

Water Skier Bitten

COEUR D'ALENE, Idaho (AP) — A dog bit water skier John Secaur, 10, as a boat towed the boy close to shore. Sheriff's officers said the mutt, paddling around in the water, leaped up and caught the boy's right arm as young John planed past. The boy was treated for the bite, which wasn't believed serious.

Church League Play Features 2-1 Duel, 20-18 Run Marathon

Church League softballers were in action Monday night, with Greenwood defeating St. Mary 2-1, Calvary downing Lee St. Presbyterian 4-1 and Forest Lawn edging Trinity Baptist 20-18 in a run-sheep-run episode.

Forest Lawn, with Meister and Sisson the battery, stood idly by in the first inning while Trinity Baptist tallied three times. Then, winding up their bats, they breathed veritable fire and brimstone on Trinity pitcher Johnson and scored 16 runs in a whirlwind second inning. That should have sufficed, but it didn't. They got another run in the fifth and three more in the sixth.

Fortunately, as it turned out, they had those last three tallies. For Trinity, peeved at Forest's attitude, scored twice in the second inning, twice in the fourth, twice in the fifth, seven times in the sixth and twice in the seventh.

All told, Forest Lawn got 20 runs on eight hits and made five errors. Trinity tallied 18 times on 12 hits and was charged with 10 errors. Johnson pitched for Trinity, with Harbolt behind the plate.

Forest's 16-run second inning was a circus affair. Their 16 runs came on seven hits, six errors, three walks, one hit batsman and a pilfered base.

Greenwood scored both its runs in the second to beat St. Mary 2-1. Glen Miley and French were the victorious battery. Steve Norris and Moran did the honors for St. Mary.

The losers scored in the third, on successive hits by Norris, Rizzo and Burke. Greenwood tallied on three hits, a walk and an error.

Calvary had little trouble turning back Lee St., 4-1, scoring four runs on eight hits and making but one error. Lee St. had one run on two hits and made one error too.

Bud England and Wayne Mateer were the Calvary battery. Moore and Wescott pitched and caught respectively for Lee St. Presbyterian.

Calvary scored twice in the fourth on singles by Niles and Young and a triple by Lister, then posted single runs in the sixth and seventh. Lee St.'s run in the second came on a homerun by Roush. Wescott followed Roush with a single but thereafter England had the handcuffs on all Lee St. stickmen.

Yanks' Ford Ties Record 2nd Time

NEW YORK (AP)—The American League pitching record of six consecutive strikeouts has been tied seven times, but southpaw Whitey Ford of the New York Yankees is the only one to do it twice.

Whitey made it again Monday night, fanning Sherm Lollar (to end the third innings), Walt Dropo, Bubba Phillips, Tito Francona, Jim Landis and Jim Wilson in a 3-0 victory over the Chicago White Sox. He previously had matched the record, set in 1913 by Buck O'Brien of Boston, on July 20, 1956, against Kansas City.

Luis Aparicio grounded out to end the string Monday night. The modern major league record is eight, by Max Surkont of the Milwaukee Braves against Cincinnati, May 25, 1953.

Worker Gets Out of Well in 6-Hour Battle

CASEY, Ill. (AP) — For six hours Monday night, James Lewis Jr. tried to get out of the large slick-walled well after a wooden cover collapsed, plunging him 14 feet into the cold water.

There were no footholds. A pump pipe was too slick for successful climbing. His shouts went unheeded. All other employes had left the quarry, where Lewis had been wetting down a load of limestone.

Recalling his Navy training, Lewis kicked off his boots and took off his clothing. Time after time he fell back into the water in efforts to climb out.

At 11:30 he finally got out, using a rope fashioned from his own clothing. Lewis crawled, nude, to the quarry office phone and summoned an ambulance.

"The last time I was so cold and stiff and exhausted I knew I had to make it or never get out," Lewis, 25, said at an Effingham hospital where he was treated for exposure and bruises.

Yankees Sink Chicago, Lead By 7 Lengths

By The Associated Press

Jack Harshman, Baltimore's big left-hander, is the only pitcher in the American League with six consecutive complete games at the moment—yet he's lost four in a row, half of 'em because of unearned runs.

The corseted southpaw (he has a bad back) who won his first five decisions, was knocked off again Monday night at Baltimore when the Washington Senators scored an unearned run in the 10th for a 2 - 1 decision. That dropped Harshman's record to 5 - 4 and plunked the Orioles back into the cellar while the Senators tied idle Detroit for sixth.

Ford Wins 5th in Row

A southpaw with a streak also figured in the only other American League game scheduled Monday night, with Whitey Ford tying an AL record with six consecutive strikeouts while winning his fifth straight and his first shutout in two years as the New York Yankees defeated the Chicago White Sox 3-0.

It was the third straight success for the Yanks, upping their lead to seven games over Kansas City, while dumping the Sox to fourth and extending their scoreless inning string to 22.

Cincinnati whipped Pittsburgh 8-2 in the only National League game scheduled.

Roy Sievers, cracking Goose Goslin's all-time Washington home run record of 127, tagged Harshman for his eighth homer of the season in the fourth.

Ties Bob Turley

Harshman gave up seven hits and walked three while striking out 11 for a total of 50, just three shy of league leader Bob Turley of New York.

Three home runs, two by Hank Bauer and the other by Mickey Mantle, gave Ford all the edge he needed while winning his fourth in a row from the White Sox since last July. Whitey gave up seven hits, walked four and struck out 10 for a 6-2 record with his first shutout since May 28, 1956.

Women Voters Group To Hear Talk on Pending Legislation

Pending state legislative bills in which the Ohio League of Women Voters has interest will be discussed by Mrs. James Briers of Columbus, state League official, during a luncheon meeting here Saturday, Mrs. Clifford Baker, local president, announced today.

She said the 1 p.m. luncheon, open to the public, will be held in the club rooms of the West Town Branch of National City Bank.

Members of Leagues in nearby cities also hav ebeen extended an invitation to attend. These chapters are in Lima, Delaware, Galion, Findlay, Mansfield and Gambier.

Reservations Due

Reservations at $1.50 per plate may be made by contacting Mrs. John Scranton of the local League, Mrs. Baker said. Reservation deadline is Wednesday.

Slated for the luncheon in addition to the talk by Mrs. Briers is a report by Mrs. E. A. Eaman of the local group. She will enumerate the contributions Ohio is making to fulfilling our country's part in world trade.

Mrs. Eaman will display the foreign trade hat shown recently at the League's national convention.

Member of State Board

A member of the League of Women Voters since 1948, Mrs. Briers currently is serving as second vice president on the Columbus League board and on the state League board also.

She holds degrees from Texas State College for Women in Denton and Ohio State University. The speaker has had a year of study in advanced political problems at Johann Wolfgang Goethe University in Frankfort, Germany.

Mrs. Briers' professional experience includes radio, TV, magazine writing and free-lance work. She has served as assistant to the program director for WBNS-TV in Columbus.

She is married to James L. Briers, commercial manager of Ohio Bell Telephone Co. in Columbus.

Gives Benediction

The Rev. J. C. Collins, former pastor of Mt. Zion Baptist Church, delivered the benediction during the Harding High School baccalaureate service held Sunday afternoon at the school.

In an account of the program reported in Monday's paper it was reported that the Rev. J. Lewis Collins, pastor of Wesleyan Chapel Church, gave the benediction.

Prisoner's Confession

In attempts to satisfy all tastes and curiosities, the American Broadcasting Co. has stumbled on a TV series which could prompt all manner of imprisoned criminals to look for make-up kits instead of hacksaws.

Marie Torre

With apologies to Jack Paar, we kid you not. The stars of "Confession" are prisoners all! After June 19, when the program debuts, jail birds all over the country can bide their time by comparing their respective ratings or fighting for a chance to tell their story to the viewing public.

That prisoners will vie for a seat on "Confession" is indisputable because the program will not only afford criminal subjects the opportunity to feel like a TV star (for half an hour, anyway), but also will make available to them the most authoritative advice on how to go straight.

-:-

UNFORTUNATELY, this privilege to incarcerated men has been restricted during the last two years to the fellows who board at the Dallas Prison and the Huntsville Penitentiary in Texas for the reason that "Confession" has been a local show in Dallas.

Now that it has attracted network interest its subjects will be culled from the best prisons in the country.

"Now we can go all over — Frisco, Los Angeles, New York, Chicago," said Jules Weill, the ecstatic producer of this remarkable venture.

"This is a good thing because it can help decrease crime wherever the program is shown. It did in Dallas. I have letters from the attorney general and the Dallas Pastors Assn. and both credit our show with the declining crime rate in Dallas."

"Confession" doesn't tax the abilities of its "stars" because it adheres to a simple format.

-:-

"THE PROCEDURE," Mr. Weill explained, "is to have the prisoner —a different one each week—interviewed by our moderator, Jack Wyatt. The prisoner talks about his crime or crimes, tells a little about his background and upbringing. He might, for instance, talk about having no family love as a child, or about going wrong because of a girl.

"After the prisoner relates his story, he faces a panel of three which usually includes a clergyman, psychiatrist and psychologist."

What the prisoner receives from the panelists is advice on how best to spend the ensuing months or years back at the penitentiary and what he ought to do when freedom comes.

"It's good, solid advice," Mr. Weill put in, "and it really can help a prisoner who wants to be helped. From the viewpoint of the viewers, the program performs a worthy function because it gives them a real insight into the evils of narcotics and such."

Mr. Weill has met with complete cooperation from wardens in acquiring permission to transfer guarded prisoners from their cells to a TV studio.

Thus far, no mishaps have occurred. Still the venture strikes us as a tenuous thing. One escape and Mr. Weill could be put out of business.

-:-

THE VACATION was over for Jack Paar Monday night. . . . "Twenty One" will be around through September 1959 DEFINITELY. Its sponsor renewed. . . . Ernie Kovacs, too long away from the cameras of TV, repeats his always - welcome "Nairobi Trio" number on "The Big Record" Wednesday. . . .

The June 12 "Dragnet" lists comedian Morey Amsterdam in a serious role. Amsterdam has been turning up as a dramatic actor — and doing well at it —since the program wielders go the mistaken idea that America doesn't want to laugh.

Hospital Orderly Handed Life Sentence in Hamilton Slaying

HAMILTON, Ohio (AP)—A 21-year - old hospital orderly who pleaded insanity was sentenced to life imprisonment in Ohio Penitentiary Monday night for the murder of a student nurse.

A recommendation of mercy by the jury of nine women and three men saved Shirley Edward Campbell from the electric chair.

He was charged with first-degree murder for pushing Miss Sylvesta Andy, 20, from the fifth floor roof of Mercy Hospital here last Jan. 17 after attempting to rape her. Miss Andy, a Negro, was a student nurse from Piqua, was a patient at the hospital.

Campbell, who is white, pleaded innocent by reason of insanity. But officials at Lima State Hospital ruled he was sane and could tell right from wrong.

The jury in Butler County Common Pleas Court deliberated seven hours. It found Campbell guilty on the first count of the indictment charging murder when attempting to perpetrate rape. It returned no finding on the second count, which charged premeditated murder.

In his closing argument today, Prosecutor Robert Marrs demanded the death penalty for Campbell, calling him "an attempted rapist, a murderer and a cold - blooded killer."

Harvey B. Woods, defense attorney admitted that "Eddie Campbell did it." But he said the state's case for first-degree murder was circumstantial.

Woods said no appeal would be made.

TONIGHT

7, WLW-C, Man Behind the Badge: "The Case of the Desperate Moment," story of the courage of a warden to protect and help his prisoners win out in an exciting moment when two convicts, who attempt a revolt, must be stopped before the safety of all prisoners is at stake.

7:30, WTVN, Cheyenne: Cheyenne attempts to save his friend Jim O'Neil from hanging for a homicide he didn't commit.

8, WLW-C, The Investigator: Debut of a new mystery series. Lonny Chapman plays Earl Prior (the investigator) and Howard St. John is seen as his father, Floyd Prior. When a wealthy man hires the investigator to recover some blackmail letters, the private detective finds his task considerably complicated by a murder charge brought against his client.

8, WBNS, Mr. Adams and Eve: Eve and Howard attend a lavish party in the home of their studio boss, where Eve becomes involved with a probing interviewer.

8:30, WTVN, Wyatt Earp: Wyatt is suspected of taking bribes when a large sum of money is found in his saddle bags in "The Frame-up."

8:30, WBNS, Adorn Playhouse: Jack Carson stars as a boorish self-made man who believes that, with his money and his wife's beauty, he can rule the world, in "The Trophy."

9, WLW-C, Adventures of McGraw: A cafe owner is murdered and her cash till is rifled in "Mojave," a repeat. The neighbors blame McGraw, a stranger in town, but he does some quick sleuthing to clear himself and find the killer.

9, WTVN, Broken Arrow: Indian agent Tom Jeffords and Cochise trail an Apache youth who is fleeing because he believes he has committed homicide.

9:30, WLW-C, Bob Cummings Show: Bob Collins tries to impress a beautiful skin diver with his phony military heroics and ends up having to explain to a real general.

9:30, WBNS, Red Skelton Show: Red dons the rags of Freddie the Freeloader to greet guest stars Charlie Ruggles and Marie Windsor in a situation concerning a plot to swindle a millionaire out of his estate.

10, WLW-C, The Californians: Richard Coogan handles tough criminals of the male species with comparative ease, but when a ruthless woman defies his authority the threat calls for subtler methods.

10:30, WTVN, Patrice Munsel: Eddie Bracken and James Hurst, singer, are guests.

10:30, WLW-C, Studio 57: Dewey Martin, William Demarest and Susan Oliver star in "Seventh Brother, Seventh Son," story involving the myth that a seventh brother and seventh son can foretell the future.

10:30, WBNS, Highway Patrol: Two men kidnap a young woman, commandeer her car and use her credit card to purchase accessories.

State Tax Board Hearing $396,579 Kresge Co. Case

COLUMBUS, Ohio (AP)—S. S. Kresge Co. and State Tax Commissioner Stanley J. Bowers have brought their sales tax dispute before the State Board of Tax Appeals.

The tax assessment case, largest in dollars and cents ever heard in Ohio, began Monday. At stake is $396,579.

The commissioner claims Kresge owes Ohio that much in sales taxes it should have collected from customers between 1952 and 1955. Made on the basis of checks by tax examiners in 1956, the assessment is against 36 of the company's 83 stores in Ohio.

The company says the period when examiners checked is not representative of Kresge business for the period covered by the four-year assessment. Expensive items were added to merchandise since 1952-55, Kresge maintains.

VonNardroff's $237,500 Sets New TV Mark

NEW YORK (AP) — Elfrida von Nardroff Monday night became the all - time high money winner on television quiz shows.

The 32-year-old Brooklyn woman raised her winnings to $237,500 by defeating two contestants on the NBC show Twenty-one.

The $21,000 she picked up Monday night pushed her ahead of Robert Strom of the Bronx, an 11-year-old science whiz, who amassed $224,000 on two different shows.

Miss von Nardroff's victims were Charles Hewitt, an insurance consultant from New Brunswick, N.J., and Emile Libresco, an industrial relations consultant from Pound Ridge, N.Y. She blanked them both 21-0.

Hewitt didn't know that Andrew Johnson had been military governor of Tennessee and vice president before he became president.

Libresco failed to name poet Edwin Arlington Robinson as the author of "Miniver Cheemy" and failed to identify Prince Rudolph of Hapsburg as the son of Franz Joseph, emperor of Austria-Hungary.

Next week Miss von Nardroff returns to tell whether she'll continue or quit with her $237,500. She recently left her job as a personnel consultant to devote full time to the quiz show business.

Crestline Resident Is Vice President Of Plant at Shelby

CRESTLINE — Reid M. Pittinger of Crestline Monday was named vice president of the Copperweld Steel Company's Seamless Tube Division in Shelby. He succeeds J. W. Kennedy Jr. who was named president of Copperweld in Pittsburgh, Pa.

Mr. Pittinger formerly was manager of industrial relations at the Shelby plant.

He joined Ohio Seamless in 1928 and was made manager of industrial engineering in 1932. He was promoted to the post of assistant manager of operations in 1937 and in 1955 was named manager of industrial relations.

Mr. Pittinger had served three years on the Crestline Village Council, has been a member of the board of directors of the Crestline Chamber of Commerce and is now a member of the board of directors of the Crestline Memorial Hospital.

Mr. Pittinger is married to the former Miss Mary Agnes Holtzbaugh and they have two daughters.

New York Stock Market

NEW YORK (AP) — The stock market resumed its drive into higher ground for 1958 in moderately active trading early this afternoon.

Key stocks rose from fractions to about a point, with some wider moves.

Steels wavered. U. S. Steel fluctuated between slight gains and losses. Other major steelmakers leaned to the upside.

Coppers moved up solidly. Oils were up a little. The meat packing issues added fractions. Some losses appeared among aircrafts and chemicals. Leading rails and utilities were ahead on average but industrial issues were chief gainers.

Wall Street sources noted confidence in business recovery and large sums seeking investment outlets as factors in the rise.

American Tobacco gained around a point while Lorillard dropped more than that, shaving its loss in later trades.

Wilson and Armour each picked up fractions.

Youngstown Sheet, up about a point, was the best of the major steels.

Allied Chemical rose about a point. American Cyanamid lost a point.

Gulf Oil, International Nickel and Texas Co. rose about a point each.

U. S. government bonds were steady.

Senate Group Studies Labor

Starts Drafting Bill Aimed at Corruption

WASHINGTON (AP) — Working against time, the Senate Labor subcommittee starts drafting today a bill aimed at corruption and abuse of power in labor unions.

What it will contain remained a question as senators sought to reconcile conflicting views on a variety of proposals in advance of the June 10 deadline they set for themselves.

Chairman John F. Kennedy (D-Mass) refused to disclose in advance the terms of a suggested compromise worked out by the subcommittee staff as a starting point.

The drive for an effective labor reform bill is a sequel to hearings by the Senate Rackets Committee headed by Sen. John L. McClellan (D-Ark), of which Kennedy is a member.

EASY COME, EASY GO

SOUTH BEND, Ind. (AP) — Jerry Micinski, a copy boy for the South Bend Tribune, was on the verge of retiring for a moment when he scanned his savings deposit book handed him by a bank teller. But the teller quickly pointed out that the balance shown of $2,271,394.71 should have read $700.12. The teller had punched the wrong tabulating keys.

Wins Probation in Robbery

Former Taxi Operator Gets New Start in Life

LOS ANGELES (AP) — A new world of opportunity is dawning for a former taxi driver. It all started when he robbed a bank.

Kenneth St. Onge said he was jobless at the time, and his kids were hungry.

He got $540 in the robbery last March 31, a crime for which he could have been sentenced to 20 years in jail.

But when St. Onge, 35, showed up in court Monday with his wife and sons, Edward, 9; Gary, 8; Van, 7; Guy, 5; Kim, 4; Cal, 3; and Harvey, 18 months, the judge placed him on probation for five years.

In refusing to send St. Onge to jail, Judge Thurmond Clarke was motivated by the same feelings of sympathy that have caused hundreds to rally to the bank robber's support. For there is a story behind his brief foray into crime. St. Onge, a stocky, serious young man with a crew cut and soft blue eyes, told it Monday outside the courtroom.

"It was hard to find a place to live in Detroit with all the kids," said St. Onge, who had lived there all his life. "I got disgusted and said to my wife, Come on, let's go to California!'"

That was last September and things turned out even worse when they arrived in Los Angeles.

"For three weeks we slept in our car — a 1947 Studebaker — and ate in a park. Then my wife got a job as a waitress and we moved into a Quonset hut for $25 a week plus utilities. The bill for electricity at the end of two months was $67, and I found out the landlord had another apartment, a trailer and a garage wired on to our place.

"I took care of the kids. Four of them were in school. They all went at different times and took turns wearing one good pair of shoes a neighbor had given us. I spent all day taking them to school and bringing them home and at 4:30 I'd pick up my wife and what she'd made in tips we'd spend on food for dinner.

"I never had any time to look for a job except close by, and I couldn't find anything.

"Then my wife lost her job because she was pregnant and her legs got so she couldn't stand on them. All our money was gone and that night when we put the kids to bed they were crying because they were hungry and I had to do something."

LOST FOR WEEK IN ONTARIO. Eleven-year-old Carol Johnson of Rainy River, Ont., sits up in bed with her mother and pet stuffed dog none the worse for the week she spent in the bushland of northern Ontario, where she was lost. She ate grass and slept through freezing nights with only a thin blouse on. (UPI Telephoto)

Hardin, Allen Counties Hold Pasture Tour

KENTON — A hay and pasture tour, sponsored by the Hardin and Allen County Extension offices, was held Monday with a good crowd attending from both counties.

First stop was at 9:30 a.m. at the Don T. Hover farm in Allen County where homemade haying and drying equipment was viewed. The tour continued on to the Walter Fleming farm where more drying equipment was seen and a spittlebug control demonstration was held. Last stop before lunch was at the Robert Jump farm. Mr. Jump makes early cut hay and has an outstanding dairy herd. The group lunched in Kenton.

On the afternoon's program was a jaunt to the Charles Smith farm in Hardin County where a 3,000 bushel crib of creosoted native lumber was viewed. Mr. Smith also has a six year stand of Birdsfoot Trefoil which he uses for his feeder cattle. Last stop on the agenda was at the Paul Daniels farm. Mr. Daniels has good production records in spite of not feeding any commercial supplement. He believes in early cut hay; alfalfa, ladino and timothy. His hay is cut, rain or shine, when Daniels believes it is the right age to derive the best nournishment for his cattle.

Traveling with the tour were E. P. Reed, extension agronomy specialist; J. D. Blicklke, extension agriculture engineer, and Harry Donohe, extension dairy specialist, who participated in the discussion and answered questions.

In charge of the tour were L. L. Borton of the Allen County Soil Conservation Service; Calvin M. Leimbach, Allen County agricultural agent; Roland M. Knoop, Hardin County Soil Conservation Service; and Lorain A. Basinger, Hardin County associate agricultural agent.

Best punter of footballs in Syracuse University history was Avatus Stone. His 96 punts during the 1950-51 campaigns averaged 39.7 yards.

Court in Crawford Refuses New Trial

BUCYRUS — A motion for a new trial filed by Mrs. Irene Watson, owner of the Spanish Tavern, east of here, against whom a $25,000 verdict was returned by a Crawford County Common Pleas Court jury here in April, has been overruled.

Judge John C. Carroll also overruled a motion for judgment notwithstanding the verdict. The $25,000 judgment was awarded to Mrs. Thelma Basford, Ashland. She had sought $50,000 for the death of her husband, Marshall C., in a tourist cabin at the Spanish Tavern on Dec. 31, 1954. Mr. Basford, and a companion, Mrs. Otis L. Mink, 24, Crestline, died of carbon monoxide fumes in the cabin.

The verdict was one of the largest returned by a jury here in recent years. Mrs. Watson's attorney has not indicated whether he will appeal the verdict to the Third District Court of Appeals at Lima.

News of the District

Galion

A banquet at the Galion Elks Club, Friday evening, for which Walter R. Hessenauer was host, marked the third reunion of the 1913 class of Galion High School. The affair brought members with their wives and husbands, to Galion from Ashland, Akron, Mount Gilead, Marion, Cleveland and Columbus, Ohio; Peoria, Ill., and Moundsville, W. Va.

Two baskets of flowers, in memory of Clemence Franks and Mary Reece Baker, were sent by the respective widow and husband of the class members. Walter Hessenauer showed slides of his trip to Europe. D. E. Shaffer of Mansfield, former art teacher in the Galion schools, a member of the faculty in 1913 was an honored guest present. The group planned another reunion in five years when Charles Gelsanliter will be chairman. Of the original 35 members, 25 are living.

—:—

A highlight of weekend activities at the Galion Country Club was the second annual Speedway "500" dance, a tea dance held Memorial Day. Members also enjoyed golf tournaments and regular play during the three days. The Friday golf feature was the annual Flag Day tournament. Joseph Kaiser won the tournament. William Ender, Ed Kruger, and James Cass, were second, third and fourth, in that order.

The tea dance which began at 5 p.m. and closed at 7 o'clock with a buffet supper, climaxed the day. Host couples were Mr. and Mrs. Harry McCormick, Mr. and Mrs. James Borror, Mr. and Mrs. Robert Melish. The Swingmasters of Galion, with Darlene Hopper as soloist, furnished music for the dancers.

Nevada

Miss Margaret Rose Turpin, daughter of Mr. and Mrs. Charles Turpin of north of Nevada, has been awarded a $600 honor scholarship at Ohio State University, renewable each year until graduation. Selection of candidates is made by the Ohio State Scholarship and Loan Committee based on the student's high school records, activities, potential and recommendations.

—:—

Mr. and Mrs. Willard Adams entertained for the pleasure of their daughter Ruth Ann, Thursday evening following the Nevada High School graduation exercises.

—:—

Elza Neiderhauser, host, assisted by Mr. and Mrs. Richard Neiderhauser entertained the farm Bureau, southeast council No. 1 at the home of Mrs. I. P. Cammarn Friday evening. It was decided to help send a youth to the Regional Youth Camp. The discussion of the evening brought out the fact that the farmer gets 39 cents of the consumer's dollar. Ways and means were suggested to improve the farmer's income.

—:—

Kenneth C. DeGood, superintendent of Lucas County schools has been named professor of administration and chairman of that department in the College of Education at the University of Toledo effective Sept. 1. He began his teaching career in the Harpster High School and was superintendent in the Eden Township School in Wyandot County and at Nevada and New London schools. He also was principal of Washington High School at Guam.

—:—

Karl E. Dilley, son of Mr. and Mrs. Karl Dilley of Nevada, received his bachelor of arts degree at Otterbein College at Westerville June 2.

Mansfield Escapee, at Large For 22 Years, Finally Nabbed

COLUMBUS, Ohio (AP) — It seems the law of averages should have caught up with Raymond Russell Gibson a long time ago.

But it didn't—and neither did the law as represented by the police—so Gibson has been a free man since 1936. Until this weekend.

It was 22 years ago he walked away from an orchard near Mansfield Reformatory where he had served 18 months of a 1-7 year sentence for forgery. His mother was ill and he was concerned, he told police.

Tipped that Gibson, now 42, was a fugitive, police picked him up here Saturday night. He's being held in city prison where he filled in some of the events of the last 22 years.

Gibson, originally of London, Ohio, said he has used the name Walter Lee. After living in Minneapolis a few years, he moved on to Glendive, Mont., married a Baker, Mont., girl, and raised three children. After 18 years in Glendive, he divorced his wife, left his two daughters in that area—the son is in the Navy—and returned to Ohio last December.

He said he remarried here several weeks ago and has four children to provide for.

Gibson said he registered for the draft he wasn't taken because of a bad back and has been arrested several times for traffic violations.

But he was never fingerprinted, so no cross-check was ever made, and Gibson stayed a free man.

Divorcee Found Slain In Home at Cleveland

CLEVELAND (AP)—The beaten body of a 47-year-old divorcee was found early today by police in a junk-littered Cleveland home she shared with her common-law husband.

A bloodstained brick was found near the body of Mrs. Rosemary Henage, her face brutally smashed.

Police Lt. Robert Feingold termed the death "definitely a homicide."

The husband, Harry Borton, 51, was jailed for questioning. He had called police and said: "I think my wife is dead."

Strike Continues

CINCINNATI (AP) — A strike of about 750 members of the United Steelworkers Union against the Lunkenheimer Valve Co. went into its second day today with a federal mediator trying to set up peace talks. Workers walked out in a contract dispute.
